ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Reference to Committee.

Appropriation of Funds for Survey of Proposed Tunnel Under Pacific Heights.

Supervisor Blake called the Board's attention to the length of time it has taken the City Planning Commission to submit its report relative to future freeways in San Francisco, and remarked that he believed the Board should authorize a survey to determine the necessity for constructing a tunnel under Pacific Heights without waiting for the report of said Commission.

Supervisor Blake thereupon requested that the Joint Finance and Streets Committee again consider his proposal providing for an appropriation of \$20,000 for the conduct of a survey to determine whether or not there is any necessity for the construction of a tunnel under Pacific Heights.

Referred to Joint Finance and Streets Committee.

Request Granted.**Providing Camping Facilities for Children of Low Income Families.**

Supervisor Casey stated that in response to his previous request the Recreation and Park Commission had reported they were contemplating a program to provide camping facilities for children of low income families, but since that time no further information had been received on the proposal.

Supervisor Casey requested that the Clerk direct a communication to the Recreation and Park Commission asking that they submit further information relative to their proposed program, and also an estimate as to the approximate cost thereof.

No objection and *Clerk directed to comply.*

Attendance at Meeting of Association of Bay Area Governments.

Supervisor Dobbs stated that he was pleased to note that the Mayor has given approval to San Francisco's joining the Association of Bay Area Governments. Supervisor Dobbs remarked that the Association would meet on Thursday, and he planned to attend, not in any official capacity but rather to inform them that if after hearings by the County, State and National Affairs Committee it was determined that we should acquire membership then San Francisco would notify the Association of such fact.

Under his name on roll call Supervisor Rolph advised that since he would not be able to attend the meeting he desired to express his opinion so Supervisor Dobbs could submit it to the Association. Supervisor Rolph stated he believed the Board should look at this matter objectively, and outside assistance should be sought from an organization such as the Ford Foundation for the purpose of donating funds, and then either the Stanford Research Bureau or the University of California should be engaged to make a survey, and thus obviate the necessity of employing persons who would be perpetuated in office.

Supervisor Ferdon responded that all of the suggestions made by Supervisor Rolph had been investigated by the County, State and National Affairs Committee, and it had been informed by the Ford Foundation that such a request would have to be made by the entire area concerned and not just one portion of it.

Supervisor Ferdon advised that the matter would be considered by the County, State and National Affairs Committee at its next meeting.

Adopted.

Supervisor Dobbs, Seconded by Supervisor Rolph, Moved That a Letter of Sympathy Be Sent to the Family of the Late Harry D. Rouda.

File No. 2-61

Adopted by a rising vote as follows:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Rolph, James J. Sullivan, Zirpoli—10.

Absent: Supervisor J. Joseph Sullivan—1.

Committee Meetings to Consider Salary Standardization Survey.

Supervisor Dobbs stated that the Judiciary Committee would conduct meetings to consider the salary standardization survey submitted by the Civil Service Commission, and he extended an invitation to all members of the Board to participate therein.

The Chair announced a Caucus of the Board, Monday, January 23, 1961, 1:30 p. m., for the purpose of considering the Board's departmental budget for the fiscal year 1961-1962.

Refund of Surplus Funds of the Golden Gate Bridge and Highway District to Various Counties Comprising the District.

Supervisor Blake stated there was a proposal before the Board of Directors of the Golden Gate Bridge and Highway District to provide for repayment of moneys originally secured from the City and County during the formation of the District. Supervisor Blake remarked it was his belief that if the District were now in a position to return moneys to the various counties, they should be willing to permit the Controller to review the books for the purpose of projecting the

revenues and expenses over a ten year period, and after allocation of necessary funds, to distribute any surplus to the counties comprising the District.

Supervisor Halley explained it was his opinion that consideration should be given to the adoption of a resolution requesting the Golden Gate Bridge and Highway District to consider the feasibility of investing its surplus funds in Government bonds for the purpose of insuring the payment of outstanding debts.

Supervisor Halley called attention to the dispute between the City Attorney and the Redevelopment Agency with respect to who was to provide the legal service in connection with the redevelopment program, and presented communications from the City Attorney outlining the problems and legal liability with which the City might be confronted should his office be by-passed by the Redevelopment Agency.

Supervisor Halley requested that copies of the communications be forwarded to the members of the Finance Committee.

No objection and *Clerk directed to comply.*

In response to inquiry by Supervisor Halley as to whether or not title to property can be transferred to prospective buyer without completion of site improvements, Mr. Herman, Executive Secretary of the Redevelopment Agency, stated that title can be transferred but the Agency did not expect developer's construction to be completed prior to the time that the City has completed its public improvements; also, that private developers could initiate their construction work prior to the time that the City's public improvements were completed.

Mr. Duckel, Chief Administrative Officer, stated the Geary Expressway and the rest of the projects under the direction of the Department of Public Works would be completed in September.

Mr. Herman remarked, in reply to question by Supervisor Halley, that the Redevelopment Agency would not permit the resale of the property, also to make certain the property was not being held for speculative purposes the Agency works out a construction program with the developer.

In response to inquiries by Supervisor Halley, Mr. Ross, Controller, advised that the Corporation will give the money to the City for the acquisition of the land and the construction of the produce market, under the terms and conditions that said produce market be leased to the corporation. When the obligation has been amortized the property will belong to the City. At all times title to the property will be in the City.

The only money which will be expended by the City will be Gas Tax Funds to be used for street purposes, and the expenditure of such funds will have to be approved by the Board before the work can be initiated. The public area will not be part of the street, and this improvement will be the responsibility of the Corporation.

Adopted as amended, and reading as printed above, by the following vote:

Supervisors Ertola and Zirpoli Excused From Voting.

Supervisor Halley, seconded by Supervisor Ferdon, moved that Supervisors Ertola and Zirpoli be excused from voting.

No objection and motion *carried*.

Motion to Amend.

Supervisor Halley, seconded by Supervisor Ferdon, moved the amendment as printed.

Supervisor Halley read excerpts from the offer submitted by the Corporation, wherein it acknowledged its obligation to perform certain work.

Supervisor Halley asked Mr. Ross whether or not there was any intent expressed in the agreement that the City and County would be obligated to provide money for the purpose of acquiring land or building structures, with the exception of work that might be related to street development.

Mr. Ross replied there was not. The condition is that the land is only to be bought when and if the Corporation puts up the money, and subject to approval of the final document. There is no doubt that the work to be done by the Corporation is to be done at Corporate expense, and the only expense to the City will be for street work. Care will have to be taken with respect to the final document so there will be no question about it.

Supervisor Halley propounded the following question to Mr. Scampini. Your Corporation is ready to assume full responsibility of acquiring the land?

Mr. Scampini replied that that was the plan and that was the manner in which the Corporation expressed itself to the Board of Supervisors. The Corporation will not make any request for release of land.

Supervisor Halley inquired of Mr. Ross whether or not the City would assume any responsibility for maintenance, other than for the street area.

Mr. Ross responded that the City's only obligation will be for the normal care it gives its streets, the Corporation has responsibility of all obligations in connection with the construction of the Market as such.

Supervisor McMahan asked whether or not it was contemplated in the agreement, that the tenants will be subject to possessory interest tax?

Supervisor Ferdon read language from the offer which specifically stated that the sublessors would be responsible for any possessory interest tax which might be imposed by the City.

The Clerk of the Board is hereby authorized and directed to tabulate such requested rates or ranges of salary and transmit such tabulation to the Civil Service Commission together with such data.

Taken Up Out of Order.

There being no objection, on motion of Supervisor Zirpoli, seconded by Supervisor Halley, the following off-calendar recommendation of Public Health and Welfare Committee was taken up out of order.

Amending the Housing Code by Amending Various Sections Thereof, and Adding Certain Sections Thereto; Providing That Provisions of Certain Sections and Subsections Shall Be Retroactive and Apply to All Existing Buildings as Defined in Said Housing Code; and Providing Time Limitation Within Which Owners of Buildings Shall Comply With the Standards Set Forth Therein.

File No. 91-61, Ordinance No.

Mr. Levy, Superintendent of Bureau of Building Inspection, explained that the amendments would (1) relax provisions felt to be too strict or of little or no value, but are still either equally or more restrictive than the State Housing Act; (2) correct ambiguities or clarify the Code; (3) make certain restrictive provisions retroactive, such as smoke barriers for stairways, minimum electric wall plug requirements, sealing of transoms, and certain other provisions which are felt to be of such importance that the safety features would be incorporated in all buildings of the particular type involved.

In response to inquiry by Supervisor Dobbs as to the legality of the retroactive provisions of the legislation, Mr. Blanchard, Deputy City Attorney, advised that the law allows the provisions of legislation such as this to be made retroactive if it is reasonably calculated to obtain its object. It is up to the Board to determine the reasonableness of the retroactivity in accordance with the benefits obtained.

Supervisor Dobbs remarked that he realized that from the standpoint of improvement the buildings would be safer from fire hazards, but on the other hand he would be interested in knowing how serious the demands would be upon people operating apartment houses and hotels. If it is such a burden that it would be too much, then he doubted very much whether the legislation should be enacted.

Supervisor Zirpoli explained that the City Attorney has indicated the validity of changes was predicated on reasonableness of the requirements, the Committee gave consideration to economic conditions and it was these which governed the Committee in approving the retroactive provisions, as well as those granting authority for extension of time within which to comply.

Supervisor Blake, seconded by Supervisor Rolph, moved that the Board extend the privilege of the floor to those opposed to the legislation.

Upon Supervisor Zirpoli's objection to the motion, the Chair declared the motion *defeated*.

Supervisor Blake, seconded by Supervisor Rolph, moved that the Board sit as a Committee of the Whole.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Rolph, J. Joseph Sullivan, Zirpoli—10.

Absent: Supervisor James J. Sullivan—1.

The following opponents to the legislation addressed the Board:

Mr. Joseph Brown, President, Apartment House Industry;

Mr. Donald Connors, Attorney at Law, representing the Hotel Employers' Association;

Mrs. G. A. Schaefer, representing the Apartment House Owners' Association;

Mr. Noal Gray, Attorney at Law, representing the Lessees' Protective Association;

Mr. Toby Magner, 114 Turk Street;

Mr. William T. Hogan, President, San Francisco Real Estate Board;

Mr. Raymond N. Cerles, President, San Francisco Hotel Association;

Mr. Kamina Gupta, representing the Central Council of Civic Clubs;

Mrs. Winifred McCarthy, Office Manager, Apartment House Owners' Consolidated;

Mr. James Laskey, representing Comatco Company.

Supervisor Halley, seconded by Supervisor J. Joseph Sullivan, moved that the Committee of the Whole rise and report.

No objection and motion *carried*.

Supervisor Dobbs remarked that in his opinion he did not believe the Board had had sufficient information submitted to it to completely explain that the requirements of the legislation were reasonable. Suggest that the Committee reconsider the matter with the proviso that it require the submission of information by the property owners as to the cost of making their buildings comply, and that the property owners also submit plans and specifications.

Supervisor Dobbs further suggested that the hotel and apartment house owners submit case histories to the Superintendent of the Bureau of Building Inspection and the Chief of the Division of Fire Prevention and Investigation so that they would have an opportunity to investigate them and report thereon to the Board when the proposed ordinance is again considered.

Supervisor Dobbs, seconded by Supervisor Casey, thereupon moved that the legislation be re-referred to the Public Health and Welfare Committee for further hearings.

Supervisor Dobbs, seconded by Supervisor Casey, moved as an amendment to the pending motion that consideration be continued for a period of eight weeks.

Supervisor Halley stated that he believed if action were to be postponed the practical thing to do would be to hear it in Committee.

Supervisor Halley, seconded by Supervisor Ferdon, moved as an amendment to the amendment, that the legislation be re-referred to the Public Health and Welfare Committee.

Supervisor Zirpoli remarked that nothing had been presented today which had not been heard by the Committee, and he was satisfied that the Committee had had as full and complete hearings as could be expected. Believe that the legislation should be enacted now, and in view of the fact that the Committee has heard the matter thoroughly he was of the opinion that the Board was in a position to enact the legislation today.

Supervisor Halley requested permission to withdraw his motion.

No objection and request *granted*.

Supervisor Zirpoli, speaking on the motion to continue consideration, stated that all the Board has heard today were requests for delay, no new information has been presented, and since the legislation will be reviewed from time to time to determine whether or not amendments thereto are necessary, he was opposed to any continuance.

Supervisor Casey explained he was not in a position to vote on the legislation until he had received additional information.

Motion to continue *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Rolph, J. Joseph Sullivan—6.

Noes: Supervisors Ferdon, Halley, McMahan, Zirpoli—4.

Absent: Supervisor James J. Sullivan—1.

Supervisor Ferdon requested that the Clerk of the Board direct communications to the representatives of the opponents who appeared, asking that they submit to the Superintendent of Building Inspection, the Chief of the Division of Fire Prevention and Investigation, and the Board of Supervisors, plans and specifications of work required to be performed to make their buildings comply with the proposed legislation, and also a copy of a firm bid by a contractor.

No objection and *Clerk directed to comply*.

Supervisor James J. Sullivan Excused From Attendance.

The Chair announced that Supervisor James J. Sullivan had requested to be excused from attendance because of illness.

No objection and request *granted*.

Refused Passage Over the Mayor's Disapproval.

The Clerk presented a communication from the Mayor returning, with his disapproval noted thereon, File No. 259-59-1, a proposed resolution providing for the acquisition of membership in the Association of Bay Area Governments.

Supervisor Ferdon, seconded by Supervisor Blake, moved that the Board reconsider the following disapproved measure:

Endorsing Purposes, Functions and Organization of the Association of Bay Area Governments; and Authorizing Execution of Agreement Providing for Membership Therein by the City and County.

File No. 259-59-1, Resolution No.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Zirpoli—6.

Noes: Supervisors Halley, McMahan, Rolph, J. Joseph Sullivan—4.

Absent: Supervisor James J. Sullivan—1.

Supervisor Ferdon stated he believed it was imperative that San Francisco acquire membership in an organization such as the Association of Bay Area Governments because we will need their assistance in the future, and there must be a spirit of cooperation between San Francisco and its sister communities.

Supervisor Ferdon continued that he was aware the Mayor has stated that if the Board overrode the disapproval he would not approve the funds requested for our participation. If we abide by the provisions of the Charter and, by proper parliamentary procedure, state that we should acquire membership in the Association then do not believe it is within the Mayor's power to refuse to approve the funds.

Supervisor Ferdon concluded by stating he believed the Board should vote to approve the legislation despite the disapproval by the Mayor, and that we join the Association with the thought in mind that we fully participate therein.

Supervisor Halley explained he was opposed to joining organizations in which the Board would not have proper representation, and it was his opinion that the City was being asked to join an organization which might have an adverse influence upon the needs of San Francisco.

Supervisor Blake remarked that there was a vital need for a regional forum where matters affecting all the Bay Area could be

discussed and resolved, and unless the governing bodies of the Bay Area do not join together for their own mutual benefit the State Legislature will enact a metropolitan form of government for them.

Supervisor Dobbs stated he intended to vote to override the Mayor's disapproval because he believed in this situation the facts upon which the Mayor has drawn his conclusion are incorrect. The only reason for this Association is to provide a forum for the purpose of deciding regional problems, problems which are joint with all of the Bay Area. If by joining the Association we received nothing more than the cooperation of all of the other counties San Francisco would be well repaid.

Supervisor Dobbs continued, that if San Francisco were bound in the organization to do certain things which would upset its fiscal policy, then he believed we would have sufficient representation to protect ourselves, but we are not bound to retain our membership, we can withdraw at any time. We are committed for the dues for one year. We have to take part. The Ford Foundation is willing to make a survey of the Metropolitan Area and believed that if the Association of Bay Area Governments should ask for the survey, then it was his opinion the Foundation would undertake it. Although the Mayor has reasons for disapproving the legislation, do not believe they are good reasons and the Board should overrule his decision.

Supervisor Rolph explained that he believed the Board should closely examine the matter, the Mayor has pointed out some problems which were not considered when the legislation was before the Board the first time. The matter of the budget is of vital concern, will we get a sufficient return for our money? There is every indication that the budget will continue to increase and believe that the disapproval should be sustained and the various matters raised should be fully explored.

Explanation of Parliamentary Situation.

The Chair explained that the question before the Board was, "Shall the legislation become effective notwithstanding the Mayor's disapproval?" It will require eight "aye" votes to override the Mayor's disapproval.

Refused passage over the Mayor's disapproval by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Zirpoli—6.

Noes: Supervisors Halley, McMahon, Rolph, J. Joseph Sullivan—4.

Absent: Supervisor James J. Sullivan—1.

Supervisor Zirpoli, seconded by Supervisor Halley, moved that agreement with the Children's Hospital, with Invoice Plan marked "Exhibit A" appended thereto, be added to the list of contracts on file.

No objection and motion *carried*.

Passed for Second Reading by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Rolph, J. Joseph Sullivan, Zirpoli—10.

Thereupon the Board resumed consideration of the calendar items in the order printed therein.

Passed for Second Reading as Amended.

The following from Judiciary Committee with recommendation "do pass after amendment," heretofore considered was taken up:

Salary Standardization Ordinance, Charter Sections 151 and 151.1, Effective July 1, 1961, for Miscellaneous Employees.

An Ordinance Fixing and Determining Schedules of Compensation to Be Paid Municipal Officers and Employees and Non-Certificated Employees of the San Francisco Unified School District, Whose Offices and Positions Are Allocated to Classifications Specified Herein and Compensations for Which Are Subject to the Provisions of Section 151 and Section 151.1 of the Charter, Establishing Work Schedules and Conditions of Employment, and Method of Payment for Various Work Schedules; Providing That the Said Schedules of Compensation Shall Be Effective Beginning July 1, 1961.

File No. 500-60-1, Ordinance No.

Statement by Supervisor Dobbs Relative to Salary Standardization Ordinance.

Your Judiciary Committee presents to you today its recommendations in connection with File No. 500-60-1, the Salary Standardization Ordinance of 1961 for Miscellaneous Employees pursuant to Sections 151 and 151.1 of the Charter.

Administrative Provisions: The Civil Service Commission has considered and decided upon numerous and varied requests for amendments to the administrative provisions of the Salary Standardization Ordinance, affecting working conditions of the employees involved.

Culminating its considerations, the Commission has forwarded to the Board of Supervisors the administrative provisions as recommended by the Commission. A copy is before each Board member, accompanied by a letter of explanation of the recommended deletions, additions, and revisions.

The Judiciary Committee applied intensive study to these administrative provisions, giving careful attention to representations made both verbally and in writing by interested individuals and representatives of organizations. As a result, the Committee recommends that the Board approve and adopt only the amendments to the administrative provisions of the Salary Standardization Ordinance appearing in the copy before you.

It is the unanimous recommendation of your Judiciary Committee that such proposed amendments to the administrative provisions of the Salary Standardization Ordinance be adopted, and therefore they are included in the comprehensive motion for amendment with which I opened these remarks.

Schedule of Compensations: The Judiciary Committee presents to the Board a unanimous recommendation that the amendments to the schedule of compensations, as reported to you by the Committee, be approved and adopted. The members of the Committee have made their recommendations with a full awareness of the needs of the

community, the services rendered by the employees, the requirement for maintenance of equitable relationships, and the provisions of Charter Section 151 and 151.1.

The miscellaneous employees of the City and County of San Francisco, those covered by the Salary Standardization Ordinance before you today, number 9,399, divided into 760 classifications.

I quote a table showing, generally and approximately but as accurately as possible, the increases provided for miscellaneous employees in 1960 and those which this year are recommended by the Civil Service Commission and/or the Judiciary Committee:

1960 — Classes and Positions Recommended for Increases by Civil Service Commission:

Classes	Positions	Cost of Increases	Cost of Retirement and Other Benefits
724*	9,192*	\$1,844,964	\$226,008

1960 — Classes and Positions Recommended for Increases by Finance Committee, Additional to Those Recommended by Civil Service Commission:

Classes	Positions	Cost of Increases	Cost of Retirement and Other Benefits
96	1,736	\$ 249,559	\$ 30,571
Total 1960	748	9,281	\$2,094,523
			\$256,579

*24 classes, 89 positions not included for increase by Civil Service Commission.

1961 — Classes and Positions Recommended for Increases by Civil Service Commission:

Classes	Positions	Cost of Increases	Cost of Retirement and Other Benefits
553†	7,839†	\$1,979,199	\$242,451

1961 — Classes and Positions Recommended for Increases by Judiciary Committee, Additional to Those Recommended by Civil Service Commission:

Classes	Positions	Cost of Increases	Cost of Retirement and Other Benefits
65	853	\$ 137,134	\$ 16,799
Total 1961	760	9,399	\$2,116,333
			\$259,250

†207 classes, 1,560 positions not included for increase by Civil Service Commission.

It is to be emphasized that the total costs involved will not necessarily be reflected in the forthcoming fiscal year's budget total. Many of the employees affected have not yet, nor will they in the next succeeding fiscal year or possibly three fiscal years attain the maxima of their respective salary ranges.

Your Judiciary Committee has held a considerable number of meetings in order to give mature deliberation to the important matter of salary standardization. It has conducted an exhaustive study of the data submitted by the Civil Service Commission, individual employees, other interested persons and organizations. The counsel of all members of the Board was cordially invited at any or all of those meetings, and the Committee welcomed that which was offered. It was particularly encouraging to note that several other Board members were in attendance on the various evenings of our meetings and that the committee was afforded a full measure of the advices which their colleagues so freely, cordially, and cooperatively gave.

In the light of all the information which could be drawn reasonably from the tremendous volume of data submitted, your Judiciary Committee believes its recommendations to be comprehensive, eminently fair, and fully justifiable. We know that the community is deeply interested in the welfare and well-being of its employees, and believe

that it will benefit as a result of the recommendations which we make. My colleagues, Supervisor Casey and Supervisor Rolph, join me in expressing the hope that you will concur in our recommendations by adopting the motion before you.

Supervisor Dobbs, as a recommendation of the Judiciary Committee, and as a substitute for the amendments proposed by the Board of Supervisors on February 20, 1961, to the schedule of compensations submitted by the Civil Service Commission on February 2, 1961, and revised by the Commission on March 1, 1961, moved that the compensations set forth in the Judiciary Committee recommendations be approved and adopted; that the schedule of compensations so amended be included in File No. 500-60-1, the Salary Standardization Ordinance of 1961 pursuant to Charter Sections 151 and 151.1; and that the amendments to the administrative provisions of said Ordinance, recommended by the Judiciary Committee and hereinafter more specifically set forth, be approved, adopted, and included in said Ordinance, seconded jointly by Supervisor Casey and Supervisor Rolph.

Resignation Statement of Supervisor Henry R. Rolph.

"During the last few weeks I have been giving considerable thought to this year's November election and trying to decide whether I should again be a candidate for the Board of Supervisors. Because of the demands of my law practice I have decided not to seek reelection and having made this decision I have concluded to submit my resignation at this time so that someone else can be appointed to serve out the remaining months of my term and gain the experience of being a Supervisor.

In leaving the Board I do so with sincere regret as I have found the work to be both important and interesting, as well as affording a great opportunity of rendering constructive service to the city we all love. Being a Supervisor is an experience which every qualified San Franciscan should seek.

My service on the Board has been most enjoyable and pleasant, and I will sincerely miss the association with the other members of the Board, every one of whom I regard as a close and warm friend. Also, I will miss working with our very competent city officers, as well as with our splendid city employees, and particularly our own very able staff.

As I leave the Board, I cannot refrain from mentioning how fortunate San Francisco is in having its present administration under the leadership of Mayor George Christopher who has proved to be a most able Chief Executive of our city. I will always appreciate the honor bestowed on me to have been originally appointed to the Board in January, 1956 by Mayor Christopher to serve out his unexpired term as a Supervisor. Also, I am deeply grateful to the citizens of San Francisco who have elected me to a full term as a Supervisor."

Each Supervisor expressed his regret that Supervisor Rolph deemed it necessary to leave the Board of Supervisors, and extended to him the sincere wish for his continued success and happiness in all his future endeavors.

SPECIAL ORDER — 2:00 P. M.

Board of Supervisors Sitting as a County Board of Equalization to Consider Application for Equalization of Possessory Interest of Ocean Terminals, Appearing on the 1955-56 Assessment Roll.

File No. 74-61

Motion to Sit as a County Board of Equalization.

Supervisor Halley, seconded by Supervisor Blake, moved that the Board of Supervisors now sit as a County Board of Equalization.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Dobbs, Ertola, Ferdon, Halley, McMahon, Rolph, Sullivan, Zirpoli—9.

Absent: Supervisor Casey—1.

Reduction Granted.

- No. Name of Applicant
- 66. Ocean Terminals (Possessory Interest—\$34,085)

Mr. Alan B. Aldwell, representing the applicant, being duly sworn, explained that his client, Ocean Terminals, had regularly made applications to the Board of Equalization in the year 1955 for the review of the valuations placed upon its possessory interests in Piers No. 41 and 44. The applications were calendared as Item No. 66 on the equalization roster before the Board in that year, but the hearing was inadvertently confined to but one of the assessments from which appeal had been taken, i.e., the leasehold interest in Pier 41 in the amount of \$46,552.

At the conclusion of the Board's deliberations in 1955, the assessment on Pier 41 was ordered reduced to zero valuation. No presentation was made as to the valuation of \$34,085 placed upon the possessory interest charged to the taxpayer for Pier 44, this latter assessment thereby remaining upon the tax rolls in the office of the Tax Collector.

The records of the Tax Collector now show that the Ocean Terminals is delinquent on the payment of this assessment and has initiated an action at law for the collection of said assessment. In order for this error to be corrected it is necessary that the Board of Supervisors, sitting as a County Board of Equalization, reduce to zero the possessory interest assessment of \$34,085, representing Ocean Terminals' leasehold interest in Pier 44, if that be the Board's decision.

In response to inquiry of Supervisor Dobbs as to whether or not this assessment was placed against Ocean Terminals during subsequent years, Mr. Aldwell replied that his clients relinquished the area the following year, and thereafter the Legislature provided that such leasehold interests would not be subject to a possessory interest assessment in the future.

Samuel Duca, representing the Assessor, advised that inasmuch as the failure to act on the application was the result of a clerical error, the Assessor joins in the request of the applicant.

Supervisor Dobbs, seconded by Supervisor Sullivan, moved a reduction of the possessory interest from \$34,085 to Zero.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Dobbs, Ertola, Ferdon, Halley, McMahon, Rolph, Sullivan, Zirpoli—9.

Absent: Supervisor Casey—1.

Addition to List of Applications for Correction or Reduction of Assessment and/or Possessory Interest, Appearing on the 1955-56 Assessment Roll, Filed With the Board of Supervisors, Sitting as a County Board of Equalization.

- No. Name of Applicant
- 66. Ocean Terminals (Possessory Interest—\$34,085)

Additional Reduction Granted.

- No. Name of Applicant
- 66. Ocean Terminals (Possessory Interest—\$34,085)

Motion to Adjourn County Board of Equalization.

Supervisor Halley, seconded by Supervisor Blake, moved that the Board of Supervisors, sitting as a County Board of Equalization, adjourn, and reconvene as a Board of Supervisors.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Dobbs, Ertola, Ferdon, Halley, McMahan, Rolph, Sullivan, Zirpoli—9.

Absent: Supervisor Casey—1.

Thereupon the reconvened Board of Supervisors considered the calendar items in the order set forth therein.

Amended — Re-Referred to Committee.

The following recommendation of Streets Committee was taken up:

Approving Route "P-P11" for State Highway Route 253 Between Evans Avenue and the Junction of the Existing Embarcadero Freeway at Howard Street, and the Establishment of a Freeway Thereon as Part of the Southern Freeway; and Modifying Resolution No. 45-59 by Declaring Approval of That Portion of the Southern Freeway Included in Said Route 253.

File No. 127-60-2, Resolution No.

The Clerk presented a communication from the Central Council of Civic Clubs, expressing opposition to the proposed legislation, and requesting that the Board not approve any route at this time.

Ordered *filed*.

Supervisor Blake explained the various routes which had been considered by the Committee and stated that although it was not thoroughly satisfied it was recommending Route "P-P11" because, in the Committee's opinion, it was the least objectionable.

Mr. Joseph Sinclair, representing the State Division of Highways, remarked that at the present time the Highway Commission had not approved any route, and it would not do so until after it had received the recommendation of the Board of Supervisors.

In response to inquiry by Supervisor Ferdon, Mr. Sinclair stated he had no objection to amending the resolution to provide that the freeway should be landscaped.

Motion to Amend.

Supervisor Ferdon, seconded by Supervisor Sullivan, moved that the legislation be amended by adding the following language: "Further Resolved, That the Board of Supervisors does hereby respectfully request that Route 'P-P11,' as approved by this Board of Supervisors, be landscaped to the fullest extent possible under the existing policies of the City and County of San Francisco and the State Division of Highways."

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Dobbs, Ertola, Ferdon, Halley, McMahon, Rolph, Sullivan, Zirpoli—9.

Absent: Supervisor Casey—1.

Motion to Sit as a Committee of the Whole.

Supervisor Blake, seconded by Supervisor Sullivan, moved that the Board of Supervisors resolve itself into a Committee of the Whole.

No objection and motion *carried*.

The following persons spoke in opposition to the proposed legislation:

Mr. Thomas A. Maloney, representing the residents of Potrero Hill;
Mrs. Victor Fleming, 838 Kansas Street, representing the Freeway Committee, Potrero Boosters Association;

Mr. Edward Barlow, 860 Kansas Street, Chairman, Potrero Hill Home Owners Association;

Mr. Robert Hilton, member of the Potrero Hill Home Owners Association;

Mrs. Lucien M. Stratton, 1051 Texas Street;

Mrs. Mary C. Andrews, Chairman, Citizens Committee of Potrero Hill;

Mr. John Hiden, a resident of the area;

Mr. George R. Johnson, partner of Feedstuffs, Inc., 515 Indiana Street;

Mr. Theodore Russ, 948 Harvard Street;

Mr. Elbridge Merrill, 367 Pennsylvania;

Mr. E. F. Wilkins, Administrator, Price Convalescent Hospital, 331 Pennsylvania Street;

Mr. David Evers, 2000 Twentieth Street;

Mr. Douglass Checchi, a resident of the area;

Mrs. Loret Trefski, representing the Potrero Hill Association;

Mrs. R. Solis, 328 Pennsylvania Street;

Mrs. Myrtle Carpati, representing the Potrero Boosters Association.

Father Quinn, Assistant Superintendent of Schools, Catholic School Department, advised that, while the Church was not taking a stand one way or the other at this time, previous requests have been made of the State for notification of any proposal to place a freeway near a Catholic School but no information was received relative to the present proposal, therefore he was reiterating his previous request with the hope that there will be compliance therein by the State.

Supervisor Halley moved that the Committee of the Whole rise and report.

No objection and motion *carried*.

Supervisor McMahan, in explaining her vote, stated that it would be a mistake to approve this recommended route because a short while ago the Board refused to listen to recommendations to zone Potrero Hill for high density buildings and instead placed a 40-foot height limitation on the Hill. We have consistently opposed freeways in the residential area, but now we are faced with deciding whether a freeway should be placed in a residential area or industrial area. Believe it should be placed in the industrial area.

Supervisor Zirpoli remarked that having been given a choice of the alternates it seemed to him that the best route would be the "L" route, and therefore he was going to vote against the proposal.

Supervisor Ferdon explained he was not satisfied with the answers he had received and it appeared to him that some other route, preferably in the vicinity of the "L" route, would be the best for the community. Therefore he was going to vote against the "P-P11" route but he was not saying that the freeway should not be placed in another area in the district.

Supervisor Blake, seconded by Supervisor Sullivan, moved that the legislation be re-referred to Streets Committee for additional study.

No objection and motion *carried*.

Hearing Held.

Controller's Report on Tax Yield for Bay Area Air Pollution Control District.

Supervisor Ferdon stated that since the action of the Board last week whereby it expressed opposition to AB 1228, purporting to increase the tax rate for the Bay Area Air Pollution Control District, he had requested the Controller to submit information relative to the tax yield for the District. The information shows that under the present tax rate the moneys available would be \$605,282, and if the tax were increased to 2 cents the amount would be doubled, while the budget for the preceding fiscal year was only \$516,377. These figures seem to indicate that there is no necessity for increasing the amount of the tax for the District, especially since they have not as yet adopted their budget for 1961-1962, nor outlined any program which would require any increased revenues.

Supervisor Blake remarked that while the figures may tend to show there is no necessity for any increase, they do not reflect the proposed program which the District contemplates putting into effect, and such program cannot be set forth until it is ascertained whether or not sufficient funds will be available.

Supervisor McMahon advised that there is a proposal by the staff of the District for the expenditure of the additional funds, which would provide that the District would pay the various counties for enforcing Regulation No. 2. Although some of the employees of the District are at present investigating to determine whether or not there are any violations of Regulation No. 2, she did not believe that the District needed the additional funds to enforce said Regulation.

Supervisor McMahon concluded by saying that she was of the opinion that the normal increase in the assessed valuation of the member counties would provide sufficient funds for the District to operate efficiently.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Reference to Committee.

Submission of Recommendations on Second San Francisco-Marin Bay Crossing.

Supervisor Blake requested that the Director of Public Works and the City Planning Commission be informed that, prior to taking action purporting to approve the location of the termini of the second San Francisco-Marin Bay Crossing, all recommendations in connection therewith should be submitted to the Streets Committee for its consideration and action.

Referred to Streets Committee.

Reference to City Attorney.

Declaration of Policy Concerning the Proposed Pacific Heights Vehicular Tunnel.

Supervisor Blake, seconded by Supervisor Casey, moved that the following Declaration of Policy be submitted to the electors at the General Election to be held on November 7, 1961: "Shall Ordinance Implementing the Master Plan pertaining to freeways include provisions for a Pacific Heights vehicular tunnel extended generally between Lombard Street's westerly end and a junction with Central Freeway?"

File No. 582-59-1

In response to inquiry of Supervisor Halley, Mr. Blanchard, Deputy City Attorney, informed the Board that previously the City Attorney had rendered his opinion that the Western Freeway was not the proper subject of a declaration of policy.

Supervisor Halley, seconded by Supervisor Tamaras, moved that the proposed declaration of policy be referred to the City Attorney with the request that he submit a legal opinion on whether or not the construction of the Pacific Heights vehicular tunnel would be the proper subject of a declaration of policy.

Supervisor Ferdon stated he was opposed to referring the matter to the City Attorney and was of the opinion that the Board should act upon the measure today and defeat it because, when the matter of the construction of the tunnel was considered by the Finance Committee information was presented indicating there would be no necessity for either a tunnel or a freeway in the north part of San Francisco for the next fifteen years.

Motion carried by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, Tamaras—6.

Noes: Supervisors Ferdon, McMahon, Sullivan, Tinney, Zirpoli—5.

Adopted as Amended.

The following recommendation of County, State and National Affairs Committee, with Supervisor Ferdon dissenting, heretofore considered and temporarily postponed was taken up:

((Opposing)) *Supporting* Enactment by the Legislature of Senate Bill No. 853, Creating a Golden Gate Transportation Commission.

File No. 176-61, Resolution No. 211-61.

Supervisor Ferdon, seconded by Supervisor Sullivan, moved that the legislation be amended as follows: "On lines three and four delete the words 'does not coincide with previous action of this Board and is contrary to' and insert in lieu thereof the words 'is in'; on line 5 delete the word 'oppose' and insert in lieu thereof the word 'support'; and on line 12 delete the word 'prevent' and insert in lieu thereof the word 'effectuate'; and amend the title to reflect said amendments."

Supervisor Ferdon pointed out that the issue before the Board was not the same issue which the Board had previously rejected. The establishment of such a Commission would be a step in the right direction toward the unification of the Bay Area Counties, and it is imperative that San Francisco participate therein.

Supervisor Ferdon stated that in his opinion the main question was what would happen to the revenues, and he believed they would be used for the purposes for which the Commission will be created—for transportation for the Bay Area Counties. The rights and interests of San Francisco will be protected since the Legislative Bond Counsel has stated that the creation of the Commission is legal so long as the bond holders are protected; also, according to the provisions of the

bill, the airports will not be acquired unless the terms of such acquisition can be worked out between the Commission and the county which owns the airport.

Supervisor Ferdon continued that the Interim Committee had acquiesced in all the objections made by the Board in 1959, and he could not see anybody in San Francisco being injured as the result of the bill being approved, especially the present employees of the Golden Gate Bridge and Highway District, since the authors of the bill have provided that said employees would be protected in their positions and salaries.

Supervisor Ferdon concluded that while there might be some objection on the grounds of constitutionality he was willing to accept the opinion of the State Legal Advisor which stated that the bill was constitutional.

Supervisor Halley in analyzing various sections of the bill pointed out language which he alleged to be ambiguous and not in the best interests of San Francisco. Supervisor Halley pointed to the fact that the only bridge the bill seemed to be dealing with was the Golden Gate Bridge, and it was his opinion that the Commission only wanted to get its hands on the revenues therefrom for the purpose of spending it on other projects in the area.

Supervisor Halley warned that if the Golden Gate Bridge were acquired by the Commission it would also acquire all of the authority and power of the Golden Gate Bridge and Highway District, and the Commission could hypothecate the Bridge and then hold San Francisco liable for payment of said debt to the amount set forth in the act creating the Golden Gate Bridge and Highway District.

Supervisor Halley remarked that both the Stockton and Sacramento-Yolo Ports had been excluded from the Act; Oakland had approved it; but the Port of San Francisco could not be included until such time as the \$50 Million bond debt had been amortized. This would permit the Commission to take the revenues of the Golden Gate Bridge and use them for the purpose of subsidizing the Port of Oakland.

Mr. Holm, City Attorney, remarked that in his opinion the bill was, in essence, the same as had been previously rejected by the Board.

Mr. Holm pointed out that after many years the San Francisco International Airport has finally reached the point where it is now making money but, if the Transportation Commission should consolidate it with the Oakland Airport, it might result in having two airports which were operating at a deficit.

Mr. Holm stated he desired to point out the fact that by approving the act there would be passed on to the taxpayers of San Francisco the responsibility of paying 75 per cent of the costs of the Golden Gate Bridge should the revenues therefrom be insufficient to pay the operating costs.

Mr. Holm concluded by reminding the Board that the Golden Gate Bridge and Highway District had been created by a vote of the people, and he doubted the legality of any act of the Legislature which purported to abrogate the vote of the people.

Supervisor Casey explained he was opposed to the bill because it was a delegation of authority and he believed it should not be approved unless the people would have the right to express themselves on the matter.

Supervisor Casey presented a communication from the Golden Gate Bridge and Highway District, transmitting copy of resolution expressing opposition to those portions of the bill which included the Golden Gate Bridge and Golden Gate Bridge and Highway District, until the

proposed transfer is submitted to and approved by the voters of the District at an election called and held in the same manner as that at which the District bonds were authorized. Ordered filed.

Supervisor Zirpoli remarked that the bill does not provide that everything has to be changed at one time, it provides for a transition which is gradual in character and will be done in the interest of the taxpayers of the various counties.

Supervisor Zirpoli pointed out that the rights of the people would be protected by the manner in which the City's representation was selected and that would be up to the Board of Supervisors and the Mayor.

Supervisor Zirpoli continued that as far as he was concerned this was a good beginning, and it did not matter that one bridge would make money and the other lose money, the question was how could we coordinate all of the transportation facilities of the Bay Area. If we bear in mind the character of the legislation then we should approve it, but if we are going to analyze it section by section and express opposition if we are opposed to any of it, then we are never going to get area-wide action because we would never be able to agree upon it.

Supervisor Blake remarked that he was in favor of the bill because he believed it was a step in the right direction to make the Bay Area the focal point of the State.

Supervisor Dobbs stated he was in favor of the bill in principle, but he believed amendments should be made to safeguard the interests of San Francisco.

Motion to amend *carried* by the following vote:

Ayes: Supervisors Blake, Ertola, Ferdon, Sullivan, Tamaras, Tinney, Zirpoli—7.

Noes: Casey, Dobbs, Halley, McMahan—4.

Supervisor Halley, seconded by Supervisor McMahan, moved that the legislation be amended to provide that the Act be approved if it is amended to provide for the inclusion of all of the bridges in the District at the same time.

Supervisor Ferdon stated he was opposed to the amendment because it would defeat the entire matter and we would be doing by indirection that which we could not do by direction.

Motion to amend *carried* by the following vote:

Ayes: Supervisors Casey, Dobbs, Ertola, Halley, McMahan, Tamaras—6.

Noes: Supervisors Blake, Ferdon, Sullivan, Tinney, Zirpoli—5.

Thereupon the roll was called on the legislation, as amended, and it was *refused adoption* by the following vote:

Ayes: Supervisors Ertola, Tamaras—2.

Noes: Supervisors Blake, Casey, Dobbs, Ferdon, Halley, McMahan, Sullivan, Tinney, Zirpoli—9.

Motion to Rescind.

Motion *carried* by the following vote:

Ayes: Supervisors Ertola, Ferdon, Sullivan, Tamaras, Tinney, Zirpoli—6.

Noes: Supervisors Blake, Casey, Dobbs, Halley, McMahon—5.

Supervisor Halley, seconded by Supervisor Casey, moved that the legislation be amended to provide that the Act should not become effective until such time as all of the bridges are included in the Golden Gate Transportation Commission, and the legislative representative be instructed to secure such amendment to the act.

Motion *defeated* by the following vote:

Ayes: Supervisors Casey, Dobbs, Halley, McMahon—4.

Noes: Supervisors Blake, Ertola, Ferdon, Sullivan, Tamaras, Tinney, Zirpoli—7.

Thereupon the roll was called and the foregoing measure was *adopted, as amended* and reading as printed above, by the following vote:

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, APRIL 10, 1961 — 2:00 P. M.

In meeting of the Board of Supervisors, San Francisco, Monday, April 10, 1961, 2:00 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahan, Sullivan, Tamaras, Tinney, Zirpoli—11.

Quorum present.

President Charles A. Ertola presiding.

Approval of Journal.

There being no objection the Journal of Proceedings for the meeting of Monday, March 27, 1961, was considered read and approved.

Presentation of Guests.

The Chair introduced Senator "J" Eugene McAteer.

Communication.

The Clerk presented a communication from the City Attorney advising that the declaration of policy relative to the "dog leash ordinance" heretofore ordered submitted, while legally sufficient was too broad in scope, and setting forth form thereof which he believed would adequately describe the proposal.

Upon inquiry of Supervisor Halley, the Chair informed the Board that the "Dog Leash Ordinance" had been tabled when the declaration of policy was approved by the Board.

Supervisor Halley, seconded by Supervisor Zirpoli, moved that the ordinance be taken from the table for the purpose of referring it to the Public Health and Welfare Committee.

The Chair ruled that the motion was out of order, and the parliamentary procedure should be for the Board to rescind its action whereby the declaration of policy was ordered submitted.

Supervisor Sullivan, seconded by Supervisor Zirpoli, moved that the Board rescind its action whereby the following declaration of policy was ordered submitted:

"Shall a so-called 'dog leash ordinance' be enacted?"

File No. 5202-1

Supervisor Dobbs explained he would vote to rescind the action but he was not voting to rescind for the purpose of referring to Committee, but to include in the declaration of policy the language suggested by the City Attorney.

Motion carried by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahan, Sullivan, Tamaras, Tinney, Zirpoli—11.

Refused Submission.

Supervisor Dobbs, seconded by Supervisor Casey, moved that the following amended declaration of policy, which is a substitute for the whole now pending, be ordered submitted on the November 7, 1961, ballot:

“Shall the Board of Supervisors enact an ordinance requiring that any dog appearing in a public place be securely leashed and led?”

File No. 5202-2

Supervisor Zirpoli, seconded by Supervisor Sullivan, moved that the declaration of policy be tabled.

The Chair ruled the motion out of order, and explained that the parliamentary procedure would be to refuse to submit the declaration of policy to the people.

Thereupon the roll was called on the question on submission of the foregoing declaration of policy, and it was *refused submission* by the following vote:

Ayes: Supervisors Casey, Dobbs, Ertola, McMahan—4.

Noes: Supervisors Blake, Ferdon, Halley, Sullivan, Tamaras, Tinney, Zirpoli—7.

Reference to Committee.

Amending the Health Code, by Adding Sections 44.1 to 44.6, Inclusive, Thereto, Regulating the Control of Stray Dogs.

Supervisor Halley presented:

File No. 5202, Ordinance No.

Referred to Public Health and Welfare Committee.

Statement of Senator “J” Eugene McAteer Relative to San Francisco’s Position With Respect to Future Distributions of State Gas Tax Funds.

Senator McAteer explained that distributions of gas tax funds were governed by the “Breed” formula which provided that 55 per cent shall be distributed to the 13 southern counties and 45 per cent to the 45 northern counties, and the “Mayo” formula which determined the amount of money to which each county was entitled.

Under the “Mayo” formula \$108 million had been allocated to San Francisco, but it fell short of expending that amount by approximately \$58 million, and, absent a decision by the Legislature, the State Highway Commission is operating on the basis that the \$58 million, which could have been put to use in San Francisco, will be expended for improvement of other projects in the Bay Area.

There is very positive feeling in Sacramento that the formula is going to be changed, it will simply eliminate San Francisco and give its share to surrounding counties; the attitude being that there are no deficiencies in San Francisco, or there are deficiencies which San Francisco does not wish to correct, we will give it to other counties.

Senator McAteer concluded by suggesting that San Francisco must take a position in the immediate future on this particular matter, if San Francisco wants to retain its allocated gas tax funds. There is a definite feeling in the Legislature that the Southern Counties are anxious to correct the “Breed” formula and the Northern Counties would like to get more money under the “Mayo” formula, and it was the Senator’s feeling that prior to the conclusion of the present session a bill will be introduced to strip San Francisco of some of these monies.

Hearing Held.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Sullivan, Tamaras, Tinney, Zirpoli—11.

Communications.

The Clerk presented a communication from his Honor, the Mayor, advising that the General Services Administration would hold the Fort Funston property for the City and County for a short period of time, but subsequent to that, arrangements would be made to dispose of the property to private buyers, and suggesting that the Board give consideration to the submission of a bond issue for the purchase of said property.

Ordered Filed.

The Clerk presented a communication from John F. Shelley, M.C., advising that inasmuch as the General Services Administration is required by law to hold its price for Fort Funston at the appraised fair market value, it is apparent that a lower price will not be set on the property to be used for park and recreational purposes.

Ordered Filed.

Taken Up Out of Order.

Reference to Committee.

There being no objection, on motion of Supervisor Sullivan, seconded by Supervisor Blake, the following off-calendar matter was taken up out of order:

Expressing Intention to Submit to the Electorate at the General Election to Be Held on November 7, 1961, a Proposal to Incur a Bonded Indebtedness for the Purpose of Purchasing Fort Funston.

Supervisor Sullivan presented:

File No. 11287-3, Resolution No.

Supervisor Sullivan, seconded by Supervisor Tamaras, moved adoption.

Mayor Christopher informed the Board he has been advised that the General Services Administration would withhold any action on the disposal of the property until April 19, but after that date they intend to advertise the property for sale at public auction.

Mayor Christopher continued that he had approved a budget item of \$100,000 for the purchase of the property which, in addition to the adoption of this resolution of intent, should be sufficient to convince the General Services Administration of our good faith so that they will not sell the property to a private bidder. Also, he would continue his efforts to have the State appropriate funds for the acquisition of said property.

Supervisor Halley remarked that some members of the Board previously expressed the opinion that the property should be used for both park and recreational purposes and for private development, but by approving this resolution the Board would be committing itself to the bond issue. Supervisor Halley pointed out the fact that the resolution did not indicate the amount of the bond issue and inquired of the City Attorney whether or not it was in legal form for adoption.

Mr. Blanchard replied that the procedure was unusual but not illegal, pointing out that previously the Board had declared that public interest and necessity required the acquisition of the property, and that although such approval was contingent upon the determination of the price, there is a firm price and it can be definitely ascertained.

Supervisor Halley read from the Journal of Proceedings for the meeting of October 31, 1960, when the Board declared its policy in connection with the acquisition of Fort Funston, which reflected the fact that certain conditions had been attached to the approval.

Supervisor Halley remarked that there were approximately 400 acres of undeveloped land in Golden Gate Park, but yet the Board was being requested to bind itself not only to the submission of a bond issue, but for the future maintenance of the property for recreational and park purposes.

Supervisor Halley thereupon requested that the matter be referred to committee.

Mayor Christopher stated he wished to point out that reference to committee was tantamount to killing the resolution, and that the General Services Administration had indicated they will not hold the property after April 19. Also, that since the Board of Supervisors is the policy determining body for the City and County, any action he had taken in this matter was as the result of the Board's approval of the previous resolution authorizing the acquisition of Fort Funston.

The Chair declared that the proposed resolution was *referred to the Finance Committee*.

Supervisor Halley announced that the legislation would be considered by the Finance Committee on Wednesday, April 19.

Taken Up Out of Order.

Passed for Second Reading as Amended.

There being no objection, on motion of Supervisor Dobbs, seconded by Supervisor Sullivan, the following called out of Finance Committee by Supervisor Dobbs at the meeting of February 6, 1961, with the request that it be considered by the Board sitting as a Committee of the Whole, was taken up out of order:

Amending Part III of the Municipal Code by Adding Article 7 Thereto, Consisting of Sections 501 to 519, Inclusive, Imposing a Tax on Transient Occupancy of Hotel Rooms; Providing the Method and Procedure for Collecting Such Tax, and the Deposit and Disposition of the Funds Thereof; and Prescribing Penalties for Violations.

File No. 7573-2, Ordinance No.

Supervisor Dobbs reviewed the background of the proposal, to impose a tax upon hotels, explaining that previous proposals provided for a 5 per cent tax, and while the tax had been opposed by the hotel people on the grounds that no discussion had been had on such proposals, they did not say they were opposed to any tax, but rather the manner in which it was attempted to be imposed. The present proposal was introduced by the Mayor and was subsequently tabled by the Finance Committee, but its objection seemed to be more on form rather than on the merits of the legislation.

Supervisor Dobbs continued that the Convention and Tourist Bureau was bringing additional people into San Francisco, and the future of San Francisco was tied to the Convention and Tourist Bureau. To implement it we must advertise San Francisco, we must develop the tourist business in many ways. We know that in trying to get conventions we have to do considerable work and have to make it possible for the people to be more friendly with us, otherwise the conventions will go to other cities. After watching the budget grow, we cannot go on indefinitely taxing the same people without seeking a new way of raising money. San Francisco is the place to which people want to come, and anybody who opposes the tax on the grounds that it will keep people away is unrealistic. We want to attract more people to San Francisco, and by securing additional funds as a result of this tax, we will be able to better advertise our attractions.

We are obligated to various organizations which advertise San Francisco, and after complying with such commitments we have noth-

ing left to promote any new ideas for advertising San Francisco. Los Angeles does not have a tax because they have \$1 million a year to spend on advertising. That is what San Francisco should be spending.

Supervisor Dobbs stated he had made a thorough study of the question of a tax on hotel rooms, both in Europe and the United States, and found that it was in effect in most of the large cities of the world. Supervisor Dobbs then named some of the cities in the United States which had enacted such a tax, such as New York, which has a 5 per cent tax, Seattle, Reno, Denver, and pointed out that while some cities do not have such a tax, the States in which they are located do have a hotel tax and the cities do not share in the revenues.

Supervisor Dobbs said that the proposed tax had not only been endorsed by all the daily papers in San Francisco, but also by radio station CBS and television station KPIX.

Supervisor Dobbs called the Board's attention to the fact that the Down Town Association had originally approved of the tax, but at the request of the hotel people an additional hearing was held on the matter, at which he was given an opportunity to appear and discuss the subject, and the Association reaffirmed its position as favoring the imposition of the tax.

Supervisor Dobbs explained that President Kennedy has recently stated that Congress should establish a fund for tourism and requested an appropriation of \$5 million, because he was aware of the fact that many people tour Europe each year, and he wants them to visit the United States.

Supervisor Dobbs then asked the question, "Who opposes it?" The hotel people, he continued, and in that sense they say labor opposes it, and the Chamber of commerce.

The Chamber of Commerce—they share in the conviction that we have to attract more people to San Francisco and additional funds are required; they have stated that while they have not taken a position against the hotel tax they believe the money should come from other sources, and have submitted a list of proposals which are not feasible, and in some instances are violative of the charter. The Chamber of Commerce did not conduct a hearing on this matter; they went ahead on their own.

Supervisor Dobbs displayed an ad which had been published in the daily press by the San Francisco Hotel Employers Association to point out what was wrong with the hotel tax, and proceeded to discuss statements which he alleged to be inaccurate and misleading.

Supervisor Dobbs concluded by stating that with the construction of additional hotels in San Francisco there is a vital need for additional advertising. The funds derived from the tax will be spent to inform the tourists, and to make San Francisco a city to which more people want to come.

Supervisor Halley remarked that this might be an opportunity to acquire the Fox Theatre property with the money realized from the tax. He has been informed by the Chief Administrative Officer that the contract for the rehabilitation of the Civic Auditorium will be let this year, and it will take three years to complete; also that it will take approximately one year to rehabilitate the main auditorium. The contract will call for an "in and out" program whereby the contractor will have to remove his facilities when a major convention plans to use the main auditorium.

Supervisor Halley continued that he was convinced San Francisco cannot be a one convention-facility city. There must be additional facilities and when the Civic Auditorium is being repaired the Fox Theatre could provide this sorely needed space.

Supervisor Halley, seconded by Supervisor Dobbs, moved (1) That Section 515, subdivision A (3) be amended to read: "(3) Appropriating funds for publicity and advertising purposes, provided, however, that the sum appropriated annually shall not exceed the sum of \$400,000 unless and until the requirements of subdivision (4) hereof have been met; (2) that Section 515, subdivision A (4) be amended to read: "(4) Appropriating funds for the acquisition and renovation of the Fox Theatre for auditorium purposes and the construction of a pedestrian subway or other pedestrian passage connections between said theatre and the Civic Auditorium."

Supervisor Dobbs explained his second to the motion was on two conditions (1) that the matter be fully developed and (2) that the price is a fair price and it is negotiated on such bases that we receive the lowest price for which this land and building could be sold.

Mayor Christopher stated that the hotel tax was taken into consideration in the preparation of the budget for publicity and advertising.

Mayor Christopher pointed to the fact that in the Supplement of the Chicago Tribune there is a seven-page section entitled "Official Vacation Guide to Southern California." While Los Angeles does not have a transient hotel tax as such it does have a tax of 3½ per cent on business volume of hotels; this tax is paid by the hotel owners themselves.

Mayor Christopher, in directing his remarks to Supervisor Halley's motion, said that although the purchase of this theatre had been talked about for a number of years there was no indication as to the price, and even the owners do not know what the price would be. He does not know why the Fox Theatre has to enter into the hotel tax discussion, and believes the hotel tax should stand on its own feet. To try to enact a hotel tax contingent upon purchase of another piece of property is incongruous because nobody knows what the price would be. We just cannot make an amendment to the hotel tax and make it mandatory that we purchase the Fox Theatre; we do not have enough information as to how much it would take to maintain and operate the property.

Mayor Christopher then informed the Board of the length of time which the proposal for the purchase of the theatre had been under discussion, the wide variance in the alleged price, and details of the sale negotiations heretofore carried on.

Mayor Christopher continued that if we need the Fox Theatre we should purchase it regardless of whether or not we enact a hotel tax, but before it can be purchased we must be certain that we are paying the correct price and in my opinion there is too great a discrepancy in the reported price. "As much as I believe we need the tax I would be compelled to veto the legislation if it comes to me with the Fox Theatre attached to it, because I believe the Fox Theatre should stand on its own."

Supervisor Halley explained that the proposed amendments did not state that the City must purchase the Fox Theatre if the price was not correct; the Director of Property will submit a recommendation as to the purchase price and if we did not approve of it, we would not vote for it.

Mayor Christopher suggested that the amendment be reworded as follows: "Consideration will be given to the purchase of the Fox Theatre after a thorough investigation is made and contingent upon determining that the acquisition of the Fox Theatre is feasible by the City and County."

Supervisor Halley requested permission to withdraw his motion.

No objection and request *granted*.

Supervisor Halley, seconded by Supervisor Dobbs, moved (1) that Section 515, subdivision A (3) be amended to read: "(3) Appropriating funds for publicity and advertising purposes"; and (2) that Section 515, subdivision A (4) be amended to read: "(4) Appropriating funds, if it is deemed advisable, for the acquisition and renovation of the Fox Theatre for auditorium purposes and the construction of a pedestrian subway or other pedestrian passageway connections between said theatre and the Civic Auditorium."

Supervisor Blake explained he did not believe it would be wise to purchase the Fox Theatre because the maintenance would be too expensive, also space in other buildings could be made available when the Civic Auditorium was being rehabilitated. Supervisor Blake said he was going to vote against the amendment because he did not believe a proper investigation has been made of the proposition to acquire the Fox Theatre.

Supervisor Ferdon remarked he was not moved by the fact that we should acquire the Fox Theatre because it was for sale. If we have the facts and the facts support acquisition by the City, then we might want to do it. The purpose of the hotel tax is defeated by this proposed amendment.

Mayor Christopher stated there is nothing mandatory about buying the Fox Theatre; it simply provides that if and when it is determined that the acquisition of the theatre is economically feasible then we will purchase it; if not, then we will not purchase it. On that basis I will approve the legislation if it is enacted by the Board.

Thereupon the roll was called on Supervisor Halley's motion to amend, and it was *adopted* by the following vote:

Ayes: Supervisors Dobbs, Halley, McMahan, Sullivan, Tamaras, Tinney—6.

Noes: Supervisors Blake, Casey, Ertola, Ferdon, Zirpoli—5.

Motion to Sit as a Committee of the Whole.

Supervisor Dobbs, seconded by Supervisor Casey, moved that the Board of Supervisors sit as a Committee of the Whole.

Supervisor Dobbs, seconded by Supervisor Sullivan, moved that the Committee rise and report.

No objection and motion *carried*.

Supervisor Blake moved that the Board recess until the hour of 8:00 p. m.,

Motion *lost* for want of a second.

Motion to Substitute an Amendment of the Whole.

Supervisor Dobbs, seconded by Supervisor Sullivan, moved that the proposed ordinance be amended by substituting therefor the amendment of the whole which appears before the Board as the draft of the ordinance dated February 17, 1961.

Supervisor Dobbs explained, in addition, that his motion includes one further amendment of the substitute for the whole, namely, an amended Section 502, dealing with "Imposition and Rate of Tax," which will declare that the tax shall be paid upon any occupancy on and after July 1, 1961, and will read as follows:

"Sec. 502. *Imposition and Rate of Tax.* There shall be paid a tax of three (3%) per centum of the rent for every occupancy of a guest room in a hotel in the City and County.

"The tax imposed by this Article shall be paid upon any occupancy on and after July 1, 1961, although such occupancy is had pursuant to a contract, lease or other arrangement made prior to such date. Where rent is paid, or charged or billed, or falls due on either a weekly, monthly or other term basis, the rent so paid, charged or billed or falling due shall be subject to the tax herein imposed to the extent that it covers any portion of the period from July 1, 1961, and such payment, bill, charge or rent due shall be apportioned on the basis of the ratio of the number of days falling within said period, to the total number of days covered thereby. Where any tax has been paid hereunder upon any rent without any right of occupancy therefor, the Tax Collector may by regulation provide for credit or refund of the amount of such tax upon application therefor as provided in Section 514 (f) of this article."

This will bring Sec. 502 into conformity with amended Sec. 518 declaring July 1, 1961, as the effective date for imposition of the tax.

This amendment of the whole changes in a number of sections various administrative procedures, to conform with procedures set up for our Purchase and Use Tax Ordinance.

It also amends Sec. 518, which now becomes Sec. 515, pertaining to deposit and use of the revenues collected.

It further amends the ordinance by deleting Sec. 518.1 relating to a "Publicity and Advertising Advisory Commission."

Finally, it amends Sec. 2 of the ordinance, which now becomes Sec. 518, by declaring an effective date of July 1, 1961, for imposition of the tax. No effective date had been included heretofore.

The foregoing motion is made with due regard to and acceptance of Supervisor Halley's amendments already approved by the Board today.

Supervisor Halley inquired of Deputy City Attorney, Jerome Cohen, whether or not all moneys collected out of this tax shall be appropriated only in accordance with provisions of the charter.

Mr. Cohen replied that is correct; the moneys are available to be appropriated by the Board only in accordance with the budgetary and fiscal provisions of the Charter.

Thereupon the roll was called on Supervisor Dobbs' motion to substitute the amendment of the whole, and it was adopted by the following vote:

Ayes: Supervisors Dobbs, Halley, McMahan, Sullivan, Tamaras, Tinney—6.

Noes: Supervisors Blake, Casey, Ertola, Ferdon, Zirpoli—5.

The Chair thereupon declared that the following measure, reflecting Supervisor Dobbs' amendment of the whole, and Supervisor Halley's amendments, was before the Board on the question on passage for second reading:

Amending Part III of the Municipal Code by Adding Article 7 Thereto, Consisting of Section 501 to 518, Inclusive, Imposing a Tax on Transient Occupancy of Hotel Rooms; Providing the Method and Procedure for Collecting Such Tax and Deposit and Disposition of the Funds Thereof; and Prescribing Penalties for the Violation of the Provisions Hereof.

File No. 7573-2, Ordinance No.

Supervisor Ferdon stated he believed this was a serious mistake and asked that, based on arguments presented by the opponents, the Board oppose the ordinance.

Supervisor Ertola explained he felt that by adopting the legislation today much adverse publicity would be given to San Francisco and it would adversely affect the tourist business.

Supervisor Zirpoli remarked that he could not come to the same conclusions as Supervisor Dobbs. "In saying I am opposed to the hotel tax I do not want it to be inferred that it will be detrimental to the hotel industry, or to labor affiliated with the hotels. I do not feel that any suitable alternative has been submitted; I am opposed to it because I am opposed in principle. I believe it is a very special tax and will be opposed to any special tax until I am certain that it is for the best interests of San Francisco, and there is a vital need which will affect the future of San Francisco demanding such a special tax.

"There has been no demonstration that the tax is necessary, or that the tax imposed by other cities has increased the tourist business in those cities. We have competed with the rest of the country without the need of this tax despite the fact that they have much more money for this purpose. I am convinced San Francisco will continue to improve its tourist business and do not believe there is any need for imposing a special tax upon a special segment of the community.

"Because it is a special tax I am opposed to it and will continue to vote against it until there is a clear demonstration as to the need therefor."

Supervisor Ferdon explained, "I am opposed to this special tax, for a need which has not been fully demonstrated, for a fund which will be unlimited, and I predict that under the provisions of the

ordinance you will have disappointed people who ask why certain amounts were given to one and not to the other. Not once was it indicated that San Francisco has lost tourist business but yet we are told we have to do more. I ask you to vote against the legislation."

Supervisor Casey said he was opposed to the tax for all of the reasons which have been stated and for one other outstanding reason. San Francisco is making money on the tourist business and do not believe that we should disturb a successful operation or that we should interfere with the manner in which it is being conducted. He believes it will be bad for business and that it will keep people from coming to San Francisco.

Supervisor Blake remarked that he was going to vote against the legislation because he was opposed to imposing a tax on a special class of people.

Thereupon the roll was called and the foregoing legislation was passed for second reading, as amended, by the following vote:

Ayes: Supervisors Dobbs, Halley, McMahan, Sullivan, Tamaras, Tinney—6.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Statement by President Charles A. Ertola.

Members of the Board of Supervisors, Ladies and Gentlemen: It is with regret that I am compelled to step out of character in order to defend myself against some insidious, uncalled for, and unsubstantiated remarks made last Friday by Mr. Christopher as appeared in the local press.

Firstly, my professional life has been devoted to the healing arts, and therefore I have a great respect for the physicians that appear before the Retirement Board for the purpose of rendering their expert opinion. My action, in every case, is based solely upon and substantiated by the medical reports.

Secondly, of the three cases of alleged abuses mentioned in the recent press, not one was adjudicated while I was a member of the Retirement Board. However, one of those three cases mentioned in the press was under Mr. Christopher's regime, and he voted in favor of that person's disability retirement claim. To use the mayor's own words, was this politically minded spending?

Thirdly, last year, while a member of the Retirement Board, in the realization of abuses, we requested an investigator in our budget request, taken from the civil service list after an examination was to be held by the Civil Service Commission. The mayor deleted the title and position, and the funds. We were therefore unable to employ an investigator under civil service requirements.

Fourthly, now a look at the record of the man that is vociferous in his attack upon my voting record for the retirement of police and firemen. In his most recent term on the Retirement Board, from January, 1954, to December, 1955, he missed 12 meetings, or about 20 per cent, of the hearings. Of the remaining 55 cases he voted in favor of disability rating 45 times. Once again, was this politically minded spending? Ten times he voted no.

Lastly, I believe that all these facts should be known by the people of our San Francisco, and it is my sincere hope that they will not allow themselves to be misled by either innuendo or carelessly worded opinions.

Ordered made part of the record.

Adopted.

No objection and motion *carried*.

Supervisor Halley, under his name on roll call, stated he was happy the bill was enacted, and it would provide funds which would be subject strictly to the fiscal and budgetary procedure of the charter. The Board will be in a position to make appropriations from the fund and anything which is left over will go into the general fund. Annual Budget of the City and County of San Francisco for the Fiscal Year 1961-1962.

File No. 100-61

Budget Statement of Supervisor James Leo Halley on Behalf of Finance Committee.

The Finance Committee presents to you today the proposed budget of the City and County of San Francisco for the fiscal year 1961-1962. The Committee recommends unanimously that it be adopted on May 15 after approval of the amendments proposed by the Committee.

Itemized lists of Finance Committee recommendations have been furnished you which, together with the three volumes of the budget, and the supplemental budget requests, will provide you with a comprehensive budget report.

While the members of the Finance Committee did not agree completely on every one of the thousands of appropriations requested by the department heads, they reviewed each item as their individual consciences dictated, in what each deemed the best interests of the community; and despite the relatively minor differences of opinion which developed, and in the interests of reaching an accord and submitting unified and on the whole acceptable recommendations to their colleagues, the Committee has agreed that its recommendations shall come to the Board with complete unanimity and without recordation of any of the informal dissents which may have been expressed.

Budget Totals and Tax Rate: The budget estimates submitted by the departments to the Mayor totaled \$298,095,849, exclusive of salary standardization adjustments and supplemental budget requests. That figure represented an increase of \$31,625,355 over the budget as approved for the current fiscal year, exclusive of bond funds.

The budget, as submitted by the Mayor to the Board, including increases made mandatory by salary standardization requirements of the Charter, aggregates \$279,432,197, exclusive of bond funds.

In addition, the Mayor submitted supplemental budget requests aggregating \$1,199,724. Of that amount, the committee has declined to recommend inclusion of \$321,493. Thus, the total reduction recommended by the Committee is \$2,092,563, subject, of course, to certain other adjustments in retirement allowances which will be computed by the Controller.

The Finance Committee has held over a dozen meetings to consider the proposed budget and its more than two thousand pages of itemized expenditures and revenues. After exhaustive scrutiny, and with the objective of effecting expenditure curtailments without impairment of essential services, we recommend a further reduction in the budget of approximately \$1,771,070 (to be computed exactly by the Controller's staff following adoption of the budget and establishment of firm revenue estimates).

It appears inevitable, as it has during all recent years, that there will be an increase in the ad valorem tax rate. The precise amount of the increase cannot be ascertained at this time because of revenue and other adjustments anticipated prior to September when the tax rate will be fixed. The expanded governmental services which our citizens expect and demand, and the accompanying inflationary economic trend, leave no alternative to the continued rise in the tax rate. Our most effective method of combatting the trend is firm insistence upon economy of operation in all our departments, and to that course your Finance Committee is and will be dedicated.

It might be of interest to cite the following examples of the budget items over which, among others, the Board has no control: Board of Education budget (\$56,058,260); salary requirements for all employees, including increments made mandatory by the voters' approval of Charter salary standardization methods applicable to miscellaneous employees, firemen, policemen, groups and crafts governed by collective bargaining agreements, platform employees and coach and bus operators (\$142,180,967); retirement contributions (\$19,243,810); Health Service System contributions (\$861,337); Social Security contributions (\$1,358,015); cost of constructing, maintaining and improving libraries (\$574,224); parks and squares (\$1,435,561); playgrounds (\$1,004,893); Art Commission, for a symphony orchestra (\$71,778); streets, sewers and buildings (\$7,653,120); elections (\$686,531); civil service (\$71,778); San Francisco Bay Area Air Pollution Control District (\$135,231); bond interest and redemption (\$31,197,149).

The absence of Supervisorial control over these items and others stresses the correlative that there is a relatively minor portion of

the total budget over which the Board may exert any control. The Board's jurisdiction extends mainly to items for contractual services, personal services, equipment, materials and supplies and capital expenditures.

Specific Items: Since a few of the items which appear in the budget before you have attracted more than average public interest as reflected in correspondence, press reports, personal contacts, and otherwise, I should like to recall your attention to them specifically and briefly:

New Employments: Department heads requested a total of 845 new employments. The Mayor reduced that number to 284. The Finance Committee recommends that the Board allow 275. Of the latter number, 151 will be assigned to the Department of Public Health and 49 to the Library Department (substantially offset by a reduction in part-time wages). Since the personal service total is the largest single factor in the budget, exceedingly careful review was accorded each request for a new position. Favorable Committee action was accorded only to those which were justified by urgent public need.

New Hall of Justice: The completion of the new Hall of Justice and the new and modern quarters for a number of City and County departments which will be housed therein, entailed the approval of a number of items of personal services, physical improvements, equipment, and materials and supplies with which to set up and maintain an adequate operating program. An increase of approximately \$250,000 in the annual budget results therefrom but it is anticipated that substantial economies of operation and man-power deployment will be realized from and after September, 1961, when the new structure will be placed in service.

Water Department: An item of \$1,250,000 for construction of a new Corporation Yard is recommended for deletion by the Finance Committee. It would seem to the Committee that prior to appropriating such a sum for a structure which will be expected to serve the needs of the Water Department for a great number of years in the future, specific plans and specifications should be made available and serious thought should be given to the possible consolidation of certain departmental activities so that greater economies can be effected. One of the measures of economy which might be explored in greater detail is that of removing the department's Mason Street headquarters to the new structure to be located in the proposed Corporation Yard, thereby effecting a concentration of activities which may be desirable from an economic and operational standpoint. It can be anticipated that upon formulation of more specific plans for the new yard, the request for the appropriation of construction funds will be re-submitted to the Supervisors, at which time the entire project may be reviewed from all aspects.

Department of Public Health: Particularly sympathetic review was given to the needs of San Francisco General Hospital. Stress was laid upon the desirability of leaving relatively undisturbed, the budgetary requests as submitted to the Board by the Mayor for new personnel, equipment with which to operate five new wards in Building 10, construction of adequate laboratory facilities, beginning phases of a Medical Library, and the continued improvement of nursing standards.

The budget applicable to Laguna Honda Home reflects increases attributable to the opening of three hospital wards during the current year and perpetuation thereof during the forthcoming fiscal year. Additional employments authorized are for service in said wards, elevation of nursing standards and conversion of 16 wards from ambulatory to modified hospital status.

The Community Mental Health Services presented a well-documented need for augmentation of the program pursuant to the Short-Doyle Act which was formulated last year under the direction of a Program Chief appointed at that time. The need for additional personnel, including several positions at the administrative and supervisorial level, was amply demonstrated and, together with related equipment, material and site costs, accounts for the increase in the budget of this Bureau.

Controller: A \$45,000 appropriation has been recommended in the Supplemental Budget with which on July 1, 1961, the Controller contemplates the up-dating of his office procedures with an initial 5-year schedule for conversion from tabulating (electro-mechanical) systems, to computer (electronic data processing) system. This appropriation will provide temporary personnel training of permanent staff members, consultants, materials and supplies. Delivery of the computer is scheduled in two years, which will permit in-service staff training, programming, and site planning and preparation. The potential economic advantage to the city, represented by this change in accounting performance, is great and although its realization will necessarily be deferred pending full utilization of the new processes, the city will be following the example of all progressive private and governmental corporations in adopting the computer system.

Public Library: The reorganization of the Public Library System results in the creation of a number of new permanent positions, largely offset by a reduction in the appropriation for part-time personnel. The Committee has recognized the forward-looking plans of the new City Librarian, the Library Commission and the Mayor in submitting a budget calling for an increase of \$135,563 over the budgeted amount for the current fiscal year, and accordingly has recommended approval of almost all component items. The reorganization will provide for a strong administrative staff, a modern cataloging system, a staff of librarians which will perform professional rather than clerical tasks on a full-time basis, and adoption of a modern system of subject departments. As a beginning, the Public Library has used a conservative approach and established only one new subdivision—a Literature, Philosophy and Religion Department. This will be a pilot project, the first of several large subject departments, and will ultimately develop into a full range of subject departments which will more readily make available to the public, the resources of the Library.

Additionally, the Committee has recognized the need for ultimate development of branch library facilities in the Excelsior and Western Addition Districts. Although the Mayor, acting on the report and recommendations of the Budget Priority Committee, deleted funds asked for both branches, the Finance Committee recommends that items of \$10,500 and \$10,800, respectively, be approved with which to prepare plans and studies for the two branches mentioned. Your Committee has been informed that construction of the branches could not be accomplished during the coming fiscal year in any event, and, therefore, it appeared a practical approach to the matter to appropriate funds for plans, and upon completion thereof, to consider the necessary funds for construction. It is recognized that the items recommended represented a departure from strict observance of the Budget Priority Committee's recommendations, but the members of the Committee feel that the human values involved, and the needs of the particular Districts as they appear to the elected representatives of the people, warrant special consideration at this time.

Art Commission: The Art Commission this year has again requested an appropriation of \$250,000 with which to conduct an international competition for works of art for the enrichment of the Civic Center Plaza. Said amount is to cover the cost of the competition and the

cost of execution of the winning design. The Mayor reduced the amount to \$66,300 but since the Committee has been informed by representatives of the Art Commission that the competition cannot be financed with such reduced amount, it is recommended that the \$66,300 also be deleted from the budget. However, \$5,000 has already been appropriated in the 1960-1961 budget for the purpose of making preliminary plans for the competition and authority to make expenditure of such amount has been granted to the Art Commission. Upon the basis of further reports and such preliminary plans, appropriations for the competition which are requested in the future can be given mature consideration.

Publicity and Advertising Fund: The budget estimates reflect a request of \$290,000, as compared with the \$300,000 appropriated during the current fiscal year. The Chief Administrative Officer has submitted to the Finance Committee a list of proposed expenditures from said requested amount of \$290,000 which indicates that substantially the same activities will be supported next year as were assisted financially from this fund during the current year. In addition, the CAO has requested in the supplemental budget estimates an additional appropriation of \$210,000 for publicity and advertising purposes, subject to allocation by the CAO. Mr. Duckel has indicated that he is not yet in a position to indicate the uses to which said funds will be put specifically, but is prepared to discuss the matter further with the Finance Committee and the Board in due time, and the appropriation has been recommended for approval. It is emphasized that all appropriations to the publicity and advertising fund will be financed through revenues which will be derived from the new transient hotel room tax.

Sources of Revenue: During the current fiscal year, the Finance Committee has conducted a fairly large number of hearings relative to increases in inspection and regulatory license fees so that the return to the city will be more commensurate with the actual cost of services rendered. The Board has approved a number of fee adjustments and has established an annual review of all license fees with the objective of keeping them up to date with current economic trends. The Finance Committee is continuing its efforts along these lines. In addition, the forthcoming fiscal year will produce added revenues from the transient hotel room tax fund which will be utilized for publicity and advertising purposes principally, and which will result in a diminution of the revenues required from the ad valorem tax.

Acknowledgments: The members of the Finance Committee commend and thank the Controller and the Clerk of the Board and the members of their respective staffs for their assistance.

Motion: The motion already before you on the calendar is that the budget be adopted, as amended in accordance with the recommendations of the Finance Committee. However, in order that all the members of the Board may have an opportunity to consider in complete detail the Committee's recommended changes in relation to the entire budget, the Committee has brought the budget back to the Board a week before adoption is required. The Charter provides that the Board shall adopt the budget not earlier than the 15th day of May. Because of deadlines which must be met for the preparation and printing of the Annual Appropriation Ordinance and the Annual Salary Ordinance, the budget must be adopted this year on Monday, May 15th.

Therefore, on May 15th, I will move that the budget, as amended by the Board, be adopted. Today, I will move, and I do so now, that consideration of the budget be postponed for one week, until the

meeting of May 15th, as a special order of business at 2:00 p.m., seconded by Supervisors Ferdon and Zirpoli.

No objection and motion *carried*.

The Board resumed consideration of the calendar items in the order set forth therein.

SPECIAL ORDER — 2:00 P. M.

Appearance of Senator Collier in Response to Board's Invitation to Present His Views and Conclusions Concerning San Francisco's Freeway Problems and Plans.

File No. 349-60

The Chair introduced Senator Randolph Collier.

Senator Collier stated he was appearing before the Board not to tell anyone what to do, but to find out the needs of San Francisco, and what the Board of Supervisors desires to be done; that nothing

will be done in San Francisco, except for a couple of small projects. until the Board tells the State what it wants.

Senator Collier remarked he had recently felt it incumbent upon himself to find out from ordinary citizens of San Francisco what they believed should be done, and he hoped there could be further discussions with other groups, to the end that a plan can be evolved so the program can go forward and the areas of disagreement left for future deliberations.

Senator Collier pointed out that San Francisco was a State problem. in light of the fact that the southern counties are trying to take some of the gas tax funds away from the northern counties, and the northern counties cannot justify their position when San Francisco has some \$58 million in gas tax funds unexpended. This fact is also reflected on the national scene in connection with Federal subventions for highway construction.

Senator Collier remarked he did not believe the problem would be solved at any one time by a master plan, but it could be solved from time to time by approving particular projects which could be added to the Master Plan. The Senator continued that it was going to be necessary to take from \$22 million to \$28 million of San Francisco's funds and give them to other northern counties.

Senator Collier stated it was his opinion that discussions could be had as to what was a partial plan, and then it would be up to the Board to recommend to the State what projects should be constructed in San Francisco. He then presented maps showing various freeways which he believed would be a partial plan for San Francisco and which could be integrated into the Master Plan.

Upon the conclusion of Senator Collier's presentation the Chair, on behalf of the Board, extended its appreciation to him for appearing before the Board and presenting his views on the problem.

The following called out of Public Health and Welfare Committee by Supervisor Blake at the meeting of May 8, 1961, was taken up:

Requesting Mayor to Appoint a Citizens' Committee for the Aged and Aging.

File No. 7-59, Resolution No.

Supervisor Blake explained that the appointment of such a committee was necessary to the future welfare of the elderly citizens of San Francisco.

Supervisor Ferdon pointed out that the Mayor had appointed representatives to attend the White House Conference for the Aged, and subsequently, upon the recommendation of these representatives, appointed the San Francisco Program for the Aging Committee. This committee has a three-year program planned, and has received financial assistance of \$40,000 from the Ford Foundation and \$10,000 from the Junior League, to assist in the development of a program for the elderly citizens of San Francisco.

Supervisor Zirpoli explained that the Public Health and Welfare Committee had held a hearing on the proposed resolution and it was its thinking that, in light of the action taken by the Mayor in appointing the San Francisco Program for the Aging Committee, the objectives of the resolution had been met.

Refused adoption by the following vote:

Aye: Supervisor Blake—1.

Noes: Supervisors Dobbs, Ferdon, Halley, McMahon, Sullivan, Tamaras, Tinney, Zirpoli—8.

Absent: Supervisors Casey, Ertola—2.

SB 1258—Authorizes State to expend funds allocated to San Francisco and unexpended prior to June 30, 1963, in County group No. 1, and would require Highway Commission, in allocating funds to County group No. 1, after June 30, 1963, to take into consideration the effect of the operation of section upon San Francisco's highway needs. The endorsement of SB 1258 is contingent upon its being amended to include therein language to guarantee that funds will later be allotted to San Francisco to make up for the amount allowed to be allocated to the other counties.)

Adopted by the following vote:

Ayes: Supervisors Blake, Dobbs, Ferdon, Halley, McMahon, Sullivan, Tamaras, Tinney, Zirpoli—9.

The following from County, State and National Affairs Committee without recommendation was taken up:

Recommending Enactment of SB 1016, to Provide for Continued Use of Revenues of the San Francisco-Oakland Bay Bridge to Finance Cost of Improvements to the San Mateo-Hayward Bridge.

File No. 12-61, Resolution No.

Supervisor Ferdon, seconded by Supervisor Halley, moved adoption.

At the request of Supervisor Ferdon, Mr. Sherman P. Duckel, Chief Administrative Officer, explained he had opposed the bill because the City had been given the understanding that should the revenue bonds for the San Francisco Bay Area Rapid Transit District fail, the program for the construction of the Southern Crossing would proceed. He said he believed that if SB 1016 should be enacted it would defer the possibility of getting a Southern Crossing for a number of years.

Supervisor Ferdon suggested that the legislation be amended to provide that approval of SB 1016 was conditioned upon the fact that the Southern Crossing does not lose its priority for funds from revenues from the San Francisco-Oakland Bay Bridge.

Supervisor Tinney said he believed that any amendment should provide that the funds allocated to the high level bridge should be subordinated to the priority vested in San Francisco for the construction of the Southern Crossing.

Supervisor Ferdon, seconded by Supervisor Tinney, moved that consideration be temporarily postponed to permit the drafting of a proper amendment.

No objection and motion *carried*.

SPECIAL ORDER — 2:00 P. M.

Board of Supervisors to Sit as a Committee of the Whole.

Public Hearing on the Rapid Transit Plan Submitted by the San Francisco Bay Area Rapid Transit District.

File No. 388-58

Supervisor Ferdon, seconded by Supervisor Zirpoli, moved that the Board resolve itself into a Committee of the Whole.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Ferdon, Halley, McMahon, Sullivan, Tamaras, Tinney, Zirpoli—10.

Absent: Supervisor Dobbs—1.

Mr. Adrien J. Falk, representing the San Francisco Bay Area Rapid Transit District, expressed his appreciation at having the opportunity

to appear before the Board and to explain the plans for the proposed district. Mr. Falk then proceeded to outline the historical background of the District, and the steps which had been taken towards finalizing the plans for the construction of the necessary facilities. Mr. Falk concluded by stating that it was the desire of the District to submit the final plans, including a financial report, to the various Boards of Supervisors on August 1st, and to submit the bond issue to the voters at the November, 1962, election.

Mr. Kenneth Hoover, Engineer for the District, presented a film showing the benefits to be derived from the construction of a rapid transit district.

In response to inquiry by Supervisor Halley, Mr. John Pierce stated that the general obligation bonds for the District would be guaranteed by ad valorem taxes, revenue bonds would be guaranteed by revenues only. The revenue bonds would have right to revenues after bond interest and redemption, and that under existing law the District had power to levy a 5c tax for overhead and operating expenses, which could be used for the purpose of eliminating any deficit relative to the revenue bonds.

In reply to interrogations by Supervisor Ferdon, Mr. Hoover explained the reasons for deviating from the suggestions of the Transportation Technical Committee of the City and County.

Mr. Reuben Owens, Director of Public Works, presented drawings showing the difference between the route as recommended by the San Francisco Bay Area Rapid Transit District and that originally approved by the Transportation Technical Committee, but which was now known as the minority report of said Committee. He then proceeded to point out the conflicts between the two plans, and why he believed the minority report would be to the best interests of the City and County.

Mr. James McCarthy, Director of Planning, advised that the majority recommendation of the Transportation Technical Committee was submitted to the San Francisco Bay Area Rapid Transit District and it formed the basis of their recommendations for San Francisco. He stated it was his personal belief that the routes recommended by the District were best for San Francisco in the first stage of construction.

Mr. Harry E. Lloyd, former General Manager and Chief Engineer, Hetch Hetchy Project, remarked he believed the minority report as supported by himself and Mr. Owens would be more in conformity with the basic purpose of the legislation establishing the San Francisco Rapid Transit District than any of the other plans recommended, in that it would furnish economical transportation for the greater number of people.

The privilege of the floor was granted to the following:

Mr. Clay Shafter, who spoke in opposition;

Mr. Perry Garbien, who spoke in favor.

Supervisor Sullivan, seconded by Supervisor Blake, moved that the Committee of the Whole rise and report.

Supervisor Zirpoli, on behalf of the members of the Board, expressed his appreciation to the members of the San Francisco Bay Area Rapid Transit District for their presentation.

The Chair thereupon declared that the entire subject matter was *re-referred to County, State and National Affairs Committee.*

Rescission of Legislation Declaring Intention to Order the Vacation of Certain Streets in the Western Addition Approved Redevelopment Project Area A1.

Supervisor Halley remarked that at the present time the Director of Property was investigating the legislation passed by the Board at last Monday's meeting relative to the vacation of certain streets within the Western Addition Approved Redevelopment Project Area A1, and there were indications that it might be necessary for the Board to rescind its action and adopt corrected legislation. He stated that inasmuch as he would not be in attendance at next Monday's meeting, he was requesting the Board to adopt legislation rescinding the previous action, if such be required, and a new resolution be prepared and referred to Committee.

Supervisor Halley Excused From Attendance.

Supervisor Halley requested that he be excused from attendance at next Monday's meeting.

No objection and request *granted*.

The following recommendation of Judiciary Committee heretofore considered and temporarily postponed, was taken up:

Charter Amendment—Amending Section 59, to Provide That the Appointment of the Chief Administrative Officer Shall Be Subject to Confirmation and Approval by the Board of Supervisors.

File No. 208-61

Supervisor Ferdon remarked he formerly was of the opinion that such approval should be by a two-thirds vote of the Board, but since the proposed charter amendment would conform with the requirements for appointment of the Controller he would vote to submit the matter to the people.

Supervisor Halley stated he was opposed to changing the manner in which the Chief Administrative Officer was appointed, because the charter vests the power in the Mayor and he is the one who should exercise it.

Supervisor Blake remarked he did not see any reason for changing the present procedure, and he believed the Mayor should have the power to make the appointment without requiring the approval of the Board of Supervisors.

Supervisor Dobbs explained that the proposed charter amendment would not stop the power of appointment, it would simply give the people a little more check on how the appointment could be made.

Ordered submitted by the following vote:

Ayes: Supervisors Casey, Dobbs, Ertola, Ferdon, McMahon, Tamaras, Tinney, Zirpoli—8.

Noes: Supervisors Blake, Halley, Sullivan—3.

Adopted.

Requesting Mayor to Appoint Citizens' Committee for Africa Week, September 17-23, 1961.

Supervisor Dobbs presented:

File No. 7-61, Resolution No. 352-61.

Supervisor Dobbs, seconded by Supervisor Halley, moved adoption.

Adopted by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Sullivan, Tamaras, Tinney, Zirpoli—11.

ADJOURNMENT.

There being no further business the Board, at the hour of 4:10 p. m., adjourned.

ROBERT J. DOLAN, Clerk.

Passage for Second Reading, as Amended.

The following from Public Health and Welfare Committee was taken up:

Amending the Health Code by Amending Sections 43, 44 and 46 Thereof, Providing for the Control of Stray Dogs (Dog Leash Ordinance).

File No. 5202-3, Ordinance No.

Supervisor Zirpoli, seconded by Supervisor McMahan, moved passage for second reading.

Supervisor Zirpoli remarked that while he did not believe that the legislation would be a cure-all, nevertheless it would solve at least part of the problem to the degree that it will prevent dogs from committing a nuisance.

Supervisor Halley explained that in his opinion the legislation would not only be unenforceable but it is unnecessary, because there are sufficient laws on the books to eliminate stray dogs in parks and squares and to prevent them from causing injury to property.

Supervisor Halley inquired of Mr. Blanchard, Deputy City Attorney, whether under the provisions of Section 44 as written it would be impossible for the law enforcing agency to pick up an unlicensed dog if it should be securely leashed and led.

Mr. Blanchard responded that under the provisions of Section 44 a dog without a license could be taken out on the street if leashed, but under other provisions of the ordinance it is a violation not to have a license for the dog and that would be a separate misdemeanor.

Supervisor McMahon suggested that Section 44 be amended to restrict the exclusionary provisions to licensed dogs only.

Supervisor Zirpoli, seconded by Supervisor Halley, moved that the legislation be amended by amending Section 43b, sixth line, by deleting the word "enfenced" and substituting therefor the word "unfenced"; and amend Section 44, first paragraph, eighth line, by adding the word "licensed" after the word "any."

Motion carried by the following vote:

Ayes: Supervisors Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Sullivan, Tamaras, Tinney, Zirpoli—10.

Absent: Supervisor Blake—1.

There being no objection, the privilege of the floor was granted Mr. James Brown, representative of the S.P.C.A.

Mr. Brown advised that in his opinion the present revenues from dog licenses and fines would not be sufficient to properly enforce the legislation, and in that event it would be necessary for the S.P.C.A. to use part of its own funds for the purpose.

Supervisor Dobbs explained that he was going to vote for the ordinance, and in the event the funds were not sufficient to properly enforce the ordinance, then consideration should be given to the removal of some of the stringent provisions of the legislation.

Passed for second reading as amended by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, McMahon, Tamaras, Tinney, Zirpoli—9.

Noes: Supervisors Halley, Sullivan—2.

Final Passage.

The Board resumed consideration of following recommendation of Public Health and Welfare Committee, heretofore considered and temporarily postponed.

Amending the San Francisco Administrative Code by Amending Section 16.157 Thereof, Approving Contribution Rates, and Fee Schedules Applicable to Health Service System Plans for the Fiscal Year 1961-1962.

Committee Hearings on Blyth-Zellerbach Committee Report on "Modern Management for San Francisco."

Supervisor Dobbs remarked he was happy to see that the Blyth-Zellerbach Committee report had been referred to a joint committee for study, and it was his personal opinion that the recommendations should be put into effect wherever possible. Supervisor Dobbs suggested that all interested persons should pay close attention to the hearings, and to submit any information they believed the committee should consider during its deliberations.

Supervisor Halley, under his name on "Roll Call" remarked that the Charter Revision Committee had recommended against proposals providing for the creation of the Charter Revision Commission, and the election of a Board of Freeholders to draft a new Charter, and the approach as recommended by the Blyth-Zellerbach Committee might not be the proper one.

Taken Up Out of Order.

Supervisor Blake, seconded by Supervisor McMahon, moved that the following recommendation of the Streets Committee be taken up out of order:

No objection, and *so ordered*.

Reaffirming Opposition to Western Freeway.

File No. 349-60-2, Resolution No. 439-61.

Communications.

The Chair announced that communications had been received from Hon. Edmund G. Brown, Governor of California, requesting action on the Western Freeway; the San Francisco Labor Council, urging rejection of the Streets Committee recommendation; the Property Owners Association and various citizens opposing construction of the freeway. It was noted that copies of subject communications have been furnished to Board members.

Ordered *filed*.

At the request of the Chair the Clerk read the resolution as recommended by the Streets Committee.

Statement of Supervisor Blake.

Supervisor Blake, Chairman of the Streets Committee, stated that the Committee has carefully studied the Trafficways Plan through many hearings before the Committee itself and other agencies, and already certain recommendations thereon have been made by the Committee and adopted by the Board. Some of these recommendations have not been popular with everyone, but the Committee and the Board have courageously approved what they felt must be done for the ultimate benefit of the City. Proceeding with its analysis of the plan, on June 8, 1961, the Committee held a hearing on the proposed Western Freeway segment thereof. Their studies have indicated to the Committee members that the presently proposed plan for the Western Freeway is very little different from that which was rejected two years ago by action of the Board of Supervisors. Supervisor Blake stated that although he is the only member of the Committee who was on the Board when the original plan was presented, both of his colleagues, who were officially appraising the proposed Western Freeway for the first time, unanimously concurred with him in rejecting it as unacceptable. He commented that freeways cannot be arbitrarily laid out from point to point within the City by engineers, but residents and property owners must be taken into consideration in their plans. He stated that the necessity for the Western Freeway, despoiling as it does a substantial and attractive section of the City, has not been demonstrated to the Committee, and they recommend that it be disapproved.

Motion to Re-refer to Committee.

Supervisor Zirpoli stated that he is not in favor of the plan for the Western Freeway which is presently before the Board and that he did not wish to imply any derogation of the report of the Streets Committee. However, in view of suggestions from the Chamber of Commerce and others that it might be advisable to hold the matter in committee until an opportunity was had to review the plan in its entirety, he felt that such might be a better plan of procedure. Accordingly, he moved that the matter be re-referred to committee until such time as it is prepared to report on all the elements of the plan at once.

In connection with this motion, Supervisor Blake commented that the Streets Committee did have the entire plan before it, and one member had initially been of the opinion that no recommendations thereon should be made until all hearings were completed. However, the Committee's subsequent studies convinced all the members that this would be unsatisfactory, because many elements of the plan are independent of each other: for instance, the Golden Gate Freeway and the Embarcadero Freeway, which are the only other major segments, are not dependent on a Western Freeway; and, further, the contemplated construction of another Marin County Bridge might require drastic changes in an over-all plan if such were adopted. The Committee felt that withholding decisions on segments of the plan will leave residents and property owners in affected areas under the same shadow of blight which has existed for the past several years.

Second to Motion.

Supervisor Tinney stated that he, too, is opposed to the presently proposed route of the Western Freeway, as he was to that of the Potrero Freeway (although he was not opposed to the idea of the Potrero Freeway). He indicated that he is not opposed to all freeways in San Francisco, although he is one of the severest critics of the design of freeways constructed in the city to date. However, even though he is not in favor of this segment of the Trafficways Plan,

rather than have the Board take a completely negative attitude towards the work of the agencies involved, he feels that the matter should be re-referred to committee until a recommendation on the over-all plan is available. Therefore, he seconded the motion of Supervisor Zirpoli.

Suggestion for Amendment.

Supervisor Dobbs suggested that the deletion of certain language from the preamble to the resolution would possibly reconcile the recommendation of the Streets Committee with Supervisor Zirpoli's attitude toward it. The amendment would provide for opposition to the Western Freeway, but would retain the declared intention of the Committee and the Board to hold hearings on the parts of the Trafficways Plan which are not dependent for their construction on completion of the Western Freeway. Supervisor Zirpoli replied that this suggestion would not cover what he had in mind, namely, a recommendation on the over-all Trafficways Plan for San Francisco at one time.

Supervisor Ferdon commented that the preamble of the resolution as written is a statement of fact; that in its resolution of January 26, 1959, the Board stated that it felt the Western Freeway as then proposed was unacceptable, but did not rule out later presentation of a satisfactory substitution. He stated that the so-called solution which has been presented is, in his opinion, no solution at all, and he is prepared to vote against the proposed Western Freeway route. He indicated that he also disagrees with the philosophy that the adoption of an over-all trafficways program can be accomplished, citing the fact that no necessity for such a program was apparent to the Board members when they recently approved plans for the Southern Freeway Extension, and, further, since all the routes are not going to be built on a definite time schedule, the need that may be evident now may not be apparent at the time actual construction is possible.

Motion to re-refer *defeated* by the following vote:

Noes: Supervisors Blake, Dobbs, Ertola, Ferdon, Halley, McMahan, Sullivan, Tamaras—8.

Ayes: Supervisors Tinney, Zirpoli—2.

Absent: Supervisor Casey—1.

Explanation of Vote.

Supervisor Zirpoli explained that while he felt his motion to re-refer the matter to committee had merit, he is opposed to the proposed Western Freeway route, and will vote to support the resolution before the Board.

Adopted by the following vote:

Ayes: Supervisors Blake, Dobbs, Ertola, Ferdon, Halley, McMahan, Sullivan, Tamaras, Tinney, Zirpoli—10.

Absent: Supervisor Casey—1.

The Board resumed consideration of the calendar items in the order in which they were printed therein.

NEW BUSINESS

Refused Adoption.

The following recommendation of Finance Committee was taken up:

(Supervisor Halley dissenting.)

Determining and Declaring That Public Interest and Necessity Require the Submission of a Bond Issue in the Sum of \$1,100,000 for Acquisition of Fort Funston Property to Be Used for Recreation and Park Purposes.

Determining and Declaring That Public Interest and Necessity Demand the Acquisition by the City and County of San Francisco for the Following Municipal Improvement, to Wit: Approximately 116.394 Acres of Land, and All Structures Thereon, Constituting Part of the Property Known as Fort Funston in the City and County of San Francisco Title to Which Is Vested in the United States of America, and Incidental Expenses Connected With the Acquisition of Said Property, to Be Used for Recreation and Park Purposes, and That the Estimated Cost of Said Municipal Improvement Is and Will Be Too Great to Be Paid Out of the Ordinary Annual Income and Revenue of Said City and County.

File No. 11287-4, Resolution No.

Communications.

The Chair announced that a letter had been received from the Department of Natural Resources of the State of California supporting acquisition of Fort Funston property for Park and Recreation purposes; also, a telegram from the City's Federal Legislative Representative indicating that the Department of the Interior has certified Fort Funston for park use and qualifying the City for discount from market value. Both communications were read by the Clerk.

Ordered filed.

Explanation of Vote.

Supervisor Halley stated that the planned disposal of the Fort Funston property does not contemplate that the beach and cliff areas should be dedicated to private use. He stated that if Fort Funston is sold for residential development it will provide living facilities for more than 3,500 persons, and that such an increase in self-supporting population is desirable because it will mean more jobs and consequent financial gain and prosperity for the City as a whole. He quoted figures to prove that San Francisco has a far greater investment in facilities and land for recreation and park purposes than any other city of comparable size in the United States. He also noted that there are hundreds of acres in Golden Gate Park which could be developed for recreation purposes if funds were available.

Supervisor Ferdon commented that he conceded that while development of Fort Funston for residential purposes would mean more jobs, it might also involve more cost to the City for providing additional services than will be realized in tax revenue. He stated that the majority of the Committee felt that the matter should be put before the voters for their expression of policy; that while the state has indicated interest in acquisition of the area for recreation and park purposes, this possibility is nebulous in view of the stated intention of the General Services Administration to offer the property for sale at a discount only to the City and County of San Francisco.

Refused adoption by the following vote:

Ayes: Supervisors Blake, Dobbs, Ferdon, Sullivan, Tamaras, Tinney, Zirpoli—7.

Noes: Supervisors Halley, McMahan—2.

Absent: Supervisors Casey, Ertola—2.

Motion to Rescind.

The Clerk explained that the resolution required eight votes for passage.

Thereupon, Supervisor Halley, seconded by Supervisor Ferdon, moved that the action of the Board in refusing adoption of the foregoing resolution, be rescinded.

Explanation of Action.

Supervisor Halley in explaining his action stated that while he is still opposed to the proposal and will campaign against it, inasmuch as one Board member is not present today, he does not wish to take advantage of this situation to deny the other members the opportunity to place the matter before the people for decision. Therefore, he will change his vote to the affirmative.

Motion carried by the following vote:

Ayes: Supervisors Blake, Dobbs, Ferdon, Halley, Sullivan, Tamaras, Tinney, Zirpoli—8.

No: Supervisor McMahan—1.

Absent: Supervisors Casey, Ertola—2.

Adopted.

File No. 11287-4, Resolution No. 438-61.

Thereupon, the recommendation of the Finance Committee was reconsidered and resolution was *adopted* by the following vote:

Ayes: Supervisors Blake, Dobbs, Ferdon, Halley, Sullivan, Tamaras, Tinney, Zirpoli—8.

No: Supervisor McMahan—1.

Absent: Supervisors Casey, Ertola—2.

Commitment of Elderly Citizens to State Mental Institutions.

Supervisor Zirpoli reported that the Public Health and Welfare Committee had conducted a full and complete hearing of the allegation that many elderly citizens are being arbitrarily and unnecessarily committed to State Mental Institutions. He stated that the Chief Administrative Officer and representatives of the Department

of Public Health, as well as officials of the State institutions involved, were all present at the hearing. He indicated that while the hearing disclosed that some improvements might be made in providing facilities, the City was given a clean bill of health as far as responsibility for unjustified commitments was concerned. The entire procedure is one that takes place by reason of State law and has no relation to City and County ordinances as such. About 10 per cent of the commitments are made by order of the Superior Court from City and County Hospital and Laguna Honda Home; the balance are made on petition of relatives, physicians or friends. Supervisor Zirpoli informed the Board that a study of the constructive suggestions made at the hearing was being made by the Department of Public Health and a report thereon will be submitted to them.

Reference to Committee.

Request Granted.

Conversion of Sunset Boulevard Into a Depressed Freeway and Incorporation Thereof Into the Freeway System.

Supervisor Halley suggested that a depressed freeway be considered for construction in Sunset Boulevard which would constitute it a main artery for north-south vehicular traffic, and which would accommodate vehicles from the Westlake area over Lake Merced Boulevard and Brotherhood Way.

Supervisor Halley remarked that in his opinion such a freeway could tie in with the Fourteenth Avenue Freeway, then tunnel under Golden Gate Park to a connection with Park Presidio Boulevard and the Golden Gate Bridge. At the north end of such Sunset Boulevard Freeway vehicles would be diffused toward the Golden Gate Bridge or the downtown district via Oak, Bush and Geary Streets; in the reverse direction vehicles would reach the freeway from Pine, Geary and Fell Streets.

Supervisor Halley continued that he believed it advantageous, if not mandatory, to examine into the possibility of reducing traffic congestion and facilitating traffic flow by greater use of synchronized signals, and by the construction of overpass structures. Also, with the full and proper use of such devices, San Francisco would be able

to accommodate its vehicular traffic for many years to come and could effectively avoid further consideration of elevated concrete freeways which have generated so much public objection in the past.

Supervisor Halley thereupon requested that the Clerk direct a communication to the responsible departments asking that they investigate his recommendations and submit to him and the full membership of the Board their report and recommendations with respect thereto.

No objection and *Clerk directed to comply.*

Public Hearing by the Board of Supervisors for Consideration of, and Action on Proposed Amendment to the Redevelopment Plan for the Embarcadero-Lower Market Approved Redevelopment Project Area E-1.

File No. 898-58

Mr. M. Justin Herman explained the nature and purposes of the proposed amendments.

Supervisor Ferdon interrogated Mr. Herman as to whether or not the savings which would be realized by Perini and Associates as a result of the changes, would be reflected in the rentals.

Mr. Herman responded that the Redevelopment Agency has insisted that advantages gained by these changes must be reflected in the rental income, and Perini and Associates have given assurance that they will turn all extra income into the project; also, the FHA will insist that the project costs be kept down so it will be reflected in the rental. Mr. Herman concluded that the Agency will require a written communication from Perini and Associates, stating that any advantages resulting from these changes will be used to keep the rents down.

Mr. Wilson, representing Perini and Associates, stated he concurred in what Mr. Herman said, it will result in a lowering of the rental within certain limitations.

The Chair inquired if there was anybody in attendance who desired to speak on the matter.

There being no response the Chair declared the hearing concluded.

Determining and Declaring That Public Interest and Necessity Demand the Acquisition, Construction and Completion by the City and County of San Francisco of the Following Municipal Improvement, to Wit: Acquisition of Land Within the City and County of San Francisco for Construction of a Building Thereon and the Necessary Equipment of the Same, Incidental Expenses Connected With the Acquisition of Said Property, and All Other Works, Properties and Structures Necessary or Convenient Thereto, to Be Used for the Conduct and Transaction of the Business of the Public Welfare Department of the City and County, and That the Estimated Cost of Said Municipal Improvement Is and Will Be Too Great to Be Paid Out of the Ordinary Annual Income and Revenue of Said City and County.

File No. 272-61-1, Resolution No. 478-61.

Supervisor Dobbs in explaining his vote stated he was going to vote against the proposal because he believed that plans should be prepared for a new office building rather than a public welfare building. A long range plan must be introduced which will take care of the needs of the City for the next 30 or 40 years and not only for the next 10 years.

Supervisor Blake stated he was opposed to the proposal because it was his belief that a master plan for office buildings for San Francisco should be considered, wherein plans could be made for the construction of all necessary City buildings.

Explanation of Parliamentary Procedure.

The Chair explained that it would require eight "aye" votes to adopt the proposed legislation.

Adopted by the following vote:

Ayes: Supervisors Casey, Ertola, Ferdon, Halley, Sullivan, Tamaras, Tinney, Zirpoli—8.

Noes: Supervisors Blake, Dobbs, McMahon—3.

Refused Adoption.

(Supervisor Ferdon dissenting in Committee.)

Determining and Declaring That Public Interest and Necessity Demand the Acquisition, Construction and Completion by the City and County of San Francisco of the Following Municipal Improvement, to Wit: Acquisition of Land in Five or More Districts to Be Designated by the Department of Health, All Within the City and County, and the Construction of Buildings Thereon, the Necessary Equipment of the

Same, Incidental Expenses Connected With the Acquisition and Construction of Said Property, and All Other Works Properties and Structures Necessary or Convenient Thereto, to be Used by the Department of Health for the Purpose of Providing Medical Aid, Public Health Nursing and Sanitation, All Designed for the Betterment of Public Health, and That the Estimated Cost of Said Municipal Improvement Is and Will Be Too Great to Be Paid Out of the Ordinary Annual Income and Revenue of Said City and County.

File No. 470-59-2, Resolution No.

Supervisor Ferdon explained that he was opposed to the proposal because it is the intention of the Department of Public Health to construct only one health center a year for the next five years, even though the bond monies would be available; also no investigation had been made to determine whether or not there would be any objection from the residents where it is proposed to establish the health centers.

Supervisor McMahan stated she was opposed to the proposal because she believed that plans should be made for the future of San Francisco rather than expanding health centers, and other buildings for public welfare; it is a question of whether San Francisco is going to become a welfare city or whether it will continue to be a city that is beautiful, a place to live.

Explanation of Parliamentary Procedure.

The Chair explained that it would require eight "aye" votes to adopt the proposed legislation.

Refused adoption by the following vote:

Ayes: Supervisors Casey, Ertola, Halley, Tamaras, Tinney, Zirpoli—6.

Determining and Declaring That Public Interest and Necessity Demand the Acquisition by the City and County of San Francisco of the Following Municipal Improvement, to Wit: The Land and Improvements Thereon Known as the Fox Theatre Located With Frontages on Market and Hayes Streets Between Polk and Larkin Streets, Within the City and County of San Francisco, Rehabilitation and Improvements to the Said Structure, and Incidental Expenses Connected With the Acquisition of Said Property, to Be Used in Connection With the Civic Auditorium, and That the Estimated Cost of Said Municipal Improvement Is and Will Be Too Great to Be Paid Out of the Ordinary Annual Income and Revenue of Said City and County.

File No. 273-61-1, Resolution No.

Supervisor Halley, seconded by Supervisor Zirpoli, moved adoption.

Mr. Philip Rezos, Director of Property, explained the necessity for the acquisition of the Fox Theatre.

There being no objection, the privilege of the floor was granted to Walter Swanson, representing the Convention and Tourist Bureau, who urged the adoption of the legislation.

Supervisor Ferdon stated he was opposed to the legislation because the need had not been proven, and if it were the intention of the sponsors to improve the convention facilities it should be done only after a comprehensive survey is made.

Supervisor Halley suggested that the Chief Administrative Officer might explore the possibility of determining whether or not sufficient funds might be available from the Hotel Tax, and the feasibility of the Fox Theatre being acquired from such funds.

Explanation of Parliamentary Procedure.

The Chair explained that it would require eight "aye" votes to adopt the proposed legislation.

In response to inquiry by Supervisor Dobbs, the Clerk informed the Board that Section 1603 of the Revenue and Taxation Code of the State of California provides as follows: "Annually, on the first Monday in July, the Board of Supervisors shall meet as the County Board of Equalization to equalize the assessment of property on the local roll. It shall continue in session for that purpose, from time to time, until the business of equalization is disposed of, but not later than the third Monday in July."

The Clerk continued, the Supreme Court of the State has held that the time limits provided for in Section 1603 are directory only and do not prevent the Board from completing its work even though it must act at a time beyond the prescribed period (25 C2d 353), but within the 20-day extended period which could have been allowed by the State Board of Equalization (199 C 428).

The Clerk thereupon stated that in accordance with the decisions of the Supreme Court, his conclusion was that the County Board of Equalization could continue its hearing for one week to consider and conclude its actions on application heretofore filed with said County Board of Equalization.

SPECIAL ORDER — 2:00 P. M.

Board of Supervisors Sitting as a County Board of Equalization.

File No. 300-61

(Concluding session of annual meeting to equalize assessment of property on the local assessment roll.)

Taken Up Out of Order.

There being no objection, on motion of Supervisor Halley, seconded by Supervisor Blake, the following application was taken up out of order.

Carlisle Lane, Attorney at Law, representing the applicant, requested permission of the Board to permit his court reporter to report the proceedings.

Supervisor Halley, seconded by Supervisor Casey, moved that permission be granted.

No objection and motion *carried*.

In response to inquiry of Supervisor Tinney, Mr. Lane informed the Board he would submit a copy of the transcript free of charge.

Mr. Lane was thereupon examined under oath as to the value of the property.

After his presentation Mr. Lane examined Messrs. Victor Cranston, Vice President of the Bank of California; Vincent Mead, representative of Buckbee-Thorne Co., and Richard Hilkut, Vice President of the Bank of California, as to the lease between the San Francisco Uptown Parking Corporation and the Bank of California.

Samuel Duca, representing the Assessor, explained how the possessory interest was determined, and recommended no reduction.

The Director of Property explained that when the leases were executed with the sublessees no mention was made as to any possible possessory interest tax and the lease was executed at the current market price. The Director of Property recommended that the possessory interest be reduced to \$51,500.

In response to inquiry by Supervisor McMahan, Mr. Lane responded that if the possessory interest were reduced to \$51,500 his client, the Bank of California, would not attempt to recover said possessory interest from either the San Francisco Uptown Parking Corporation or the City and County of San Francisco, and that said commitment was based on the assumption there would not be any additional assessment on the realty.

Supervisor Halley, seconded by Supervisor Sullivan, moved that the possessory interest be reduced from \$140,668 to \$55,000.

In response to query by Supervisor Sullivan, Mr. Lane, after consultation with Mr. Cranston, stated that the Bank of California would not contest a \$55,000 possessory interest assessment.

Supervisor Ferdon, seconded by Supervisor Zirpoli, moved as an amendment that the possessory interest be reduced from \$140,668 to \$51,500.

After being informed by the Director of Property that the figure of \$51,500 did not include any possessory interest assessment, Supervisor Ferdon requested permission to withdraw his motion.

No objection and request *granted*.

Supervisor Blake stated he was going to vote against the motion because he did not believe the Board was following the proper method of determining possessory interest.

Supervisor Blake, seconded by Supervisor Casey, moved adoption.

Explanation of Parliamentary Procedure.

Taken Up Out of Order.

Passage for Second Reading as Amended.

There being no objection, on motion of Supervisor Halley, seconded by Supervisor Ferdon, the following called out of Finance Committee by Supervisor Tinney was taken up out of order.

Appropriating \$305,000, Airport, to Provide for Preparation of Plans and Specifications for Construction of Parking Facility.

File No. 80-61-28, Ordinance No. . . .

Supervisor Tinney, seconded by Supervisor Sullivan, moved passage for second reading.

Supervisor Halley, seconded by Supervisor Ferdon, moved that Supervisor Zirpoli be excused from voting on this entire matter.

No objection and motion *carried*.

Mr. Don Fazackerley, President, Public Utilities Commission, explained the historical background of the proposed undertaking and pointed out that the growth of vehicular traffic at the Airport made the construction of the garage a necessity. Mr. Fazackerley stated it was the hope of the Public Utilities Commission that the construction of the new terminal building and the parking facility could be carried on simultaneously.

Supervisor Halley remarked it was his opinion that there should be an open competition at which all interested parties could submit plans and specifications. Supervisor Halley pointed out that the property in question is presently under lease to the Barrett Transportation Company until 1964, and by proceeding in the matter at the present time we could have a situation where the contract has been awarded but the contractor would be unable to proceed with construction for a couple of years.

Supervisor Halley explained that the request had been made that negotiations be carried on with the Barrett Transportation Company to determine the value of their leasehold interest, but to date this has not been accomplished. Supervisor Halley read from transcript of meeting of Public Utilities Commission of July 21, 1961, whereat the representative of the Barrett Transportation Company offered to submit plans and specifications free of charge.

Supervisor Halley concluded by stating that in his opinion the manner in which the garage was to be financed was not the only available method, but there were three avenues open, viz., (1) submission of a bond issue; (2) agreement with a profit making corporation; (3) agreement with non-profit making corporation, and it was his belief that the submission of the bond issue was the best manner to proceed.

Motion to Substitute.

Supervisor Ferdon, seconded by Supervisor Halley, moved that the foregoing legislation be amended by substituting therefor the following:

Urging Public Utilities Commission to Conduct Competition for Design, Engineering and Construction of Parking Facility at San Francisco International Airport.

File No. 80-61-28.1, Resolution No.

Supervisor Ferdon stated he was concerned over the fact that the Public Utilities Commission will not proceed with a design competition. Seems that if design competition is held we will know what we are doing and feel that if we are going to do it without having a picture we will be making a very serious mistake, and until we know what it is going to look like we should not approve the expenditure of funds.

Supervisor Tinney urged approval of the legislation as called out of Committee rather than the substitute and stated he was confident that the Public Utilities Commission has every purpose of obtaining the best design which can be secured for this structure. Supervisor Tinney stated that the substitute resolution envisions a competition whereby bids would be received, or alternates submitted, not only on a design basis, but on engineering and operational features. It would be a package deal and it might result in the least desirable thing for San Francisco.

Supervisor Tamaras stated he believed we should try to expedite construction of the garage so that it will be undertaken simultaneously with the erection of the new terminal building, and, in his opinion, the Public Utilities Commission is in a better position than anybody else to determine what was necessary to make this garage functional.

Thereupon the roll was called upon the motion to substitute and it was *refused adoption* by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Ferdon, Halley—5.

Noes: Supervisors Dobbs, McMahon, Sullivan, Tamaras, Tinney—5.

Excused from voting: Supervisor Zirpoli—1.

Motion to Amend.

Supervisor Halley, seconded by Supervisor Blake, moved as an amendment (substitute) for the pending measure, that the amount of the appropriation be reduced from \$305,000 to \$125,125, for the purposes recited in proposed ordinance received from the Public Utilities Commission on June 28, 1961. (Those purposes have been itemized as follows: (1) Schematic studies of a parking complex for 8,000 vehicles—\$56,500; (2) Preliminary studies of a parking structure to be constructed as the first phase of the overall parking complex—\$53,625; (3) To provide consulting architectural services under an existing contract for master planning and to cover expenses of Utilities Engineering Bureau—\$15,000.)

Supervisor Dobbs stated that reducing the appropriation gives the Finance Committee and the Board a chance to review the preliminary plans and specifications. By adopting this measure we are approving the construction of the garage, and the only thing we are leaving open is that the Board can review the plans. He would support this measure because he believes this will be sufficient to permit the Commission to proceed.

Motion to amend *adopted* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, McMahon—6.

Noes: Supervisors Ferdon, Sullivan, Tamaras, Tinney—1.

Excused from voting: Supervisor Zirpoli—1.

Thereupon, the following measure, pursuant to the foregoing amendment, was placed before the Board:

Appropriating \$125,125, Airport, for Preliminary Studies of Proposed Parking Facility.

File No. 80-61-28, Ordinance No.

(Purposes for which appropriation is to be allocated:

- (1) Schematic studies of a parking complex for 8,000 vehicles—\$56,500;
- (2) Preliminary studies of a parking structure to be constructed as the first phase of the overall parking complex—\$53,625;
- (3) To provide consulting architectural services under an existing contract for master planning and to cover expenses of Utilities Engineering Bureau—\$15,000.)

Passed for Second Reading by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, McMahon, Sullivan—7.

Noes: Supervisors Ferdon, Tamaras, Tinney—3.

Excused from voting: Supervisor Zirpoli—1.

The Board resumed consideration of the Calendar items in the order set forth therein.

Passage for Second Reading.

The Board resumed consideration of the following recommendation of Finance Committee, heretofore taken up out of order and temporarily postponed:

Fixing Tax Rate for the Fiscal Year 1961-1962.

File No. 369-61, Ordinance No.

Statement of Supervisor James Leo Halley, Chairman of the Finance Committee.

We have before us today a proposed tax rate ordinance which reflects, for the first time in nine years, a decrease in the ad valorem tax rate, and I want to mention a few contributory factors in order to emphasize and place the seventeen-cent reduction in proper perspective.

In the first place, we must recognize, and I think we all do, that the cost of government locally is increasing, despite the reduced tax rate. We will be spending in this fiscal year almost ten million dollars more than we spent last year. But through a fortuitous combination of circumstances, including an increase in the assessment roll,

a more productive investment program of the City and County Retirement System, and other enhanced sources of revenue, the tax reduction has been made possible.

Particularly, and with no intention whatsoever of being immodest or self-serving, I want to stress the role which each and every member of this Board of Supervisors has assumed in contributing to this reduction. As we are all well aware, the City and County budget adopted by the Board is an extremely tight one. It provides for a continuation of all essential services to the people, and this year it goes a little farther and includes funds for certain expanded services, particularly in the public health, mental health, and public welfare areas. But it does not contain costly frills which would serve no substantially useful governmental purpose.

The previous year's program of spending has been scrutinized by this Board and, wherever possible, has been the subject of stringent limitations. As a result, surpluses which accumulated at the end of the fiscal year and which are taken into account as revenue with which to reduce the tax levy have been substantial this year, and are a pronounced contribution to your tax reduction.

The priority program which the Board has initiated for maintenance and repair of public property, reconstruction and replacement, and capital improvements has been instrumental in limiting and deploying expenditures in the most productive manner, and has given assurance that the most important work shall be accomplished before projects which are not so urgent.

Recognition should be given to all officers, department heads and employees whose surveillance of affairs under their respective authority has achieved economies of operation. However, complacency certainly is not warranted, but rather an insistence on even further economizing will be maintained.

I know that all the members of the Board realize that mandatory requirements of government—health, security, welfare, courts, and so on—remove much of the City's finances from our control. At the same time, I am hopeful that the public is aware that our local government is a vigorous and successful service organization, and that the tax rate is one manifestation of our efforts to provide the most service at the least cost.

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, McMahan, Sullivan, Tamaras, Tinney, Zirpoli—10.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Request Granted.

Appointment of Impartial Engineering Board of Review to Consider Conflicting Opinions Relating to Feasibility of Installing Rail Rapid Transit Facilities on the Golden Gate Bridge.

Supervisor Ferdon remarked that there was pending in the County, State and National Affairs Committee a proposed resolution calling upon the Golden Gate Bridge and Highway District and the San Francisco Bay Area Rapid Transit District to agree to submit to an impartial engineering board of review the conflicting opinions relating to the feasibility of installing rail rapid transit facilities on the Golden Gate Bridge. Prior to the time the Committee could take action, the Golden Gate Bridge and Highway District adopted a resolution stating it was not feasible to install such rapid transit facilities.

Supervisor Ferdon continued that the San Francisco Bay Area Rapid Transit District had forwarded a communication to the Board requesting that San Francisco and Marin Counties and the Rapid Transit District each appropriate the sum of \$5,000 for the purpose of engaging an impartial engineering board of review to resolve the controversy.

Supervisor Ferdon thereupon requested that the Clerk, over the President's signature, direct a communication to the Golden Gate Bridge and Highway District, requesting that, for the purpose of enlightening the people of the Bay Area, and without criticism or indication as to who is right or who is wrong, they reconsider their findings that it would not be feasible to install rail rapid transit facilities on the Golden Gate Bridge.

Supervisor Halley remarked he was in accord with the request, but in his opinion it should contain a provision that in the event the Golden Gate Bridge and Highway District agrees to reconsider its findings, the conflicting engineering opinions should be submitted to an impartial engineering board of review, the members of which would be selected by the Presidents of the three local universities.

There being no objection, the suggestion of Supervisor Halley was incorporated in the request of Supervisor Ferdon, and the *Clerk was directed to comply.*

Reference to Committee.

No objection and *Clerk directed to comply.*

Request Granted.

Authority for Removal of Members of the Board of Directors of the Golden Gate Bridge and Highway District.

Supervisor Sullivan requested that the Clerk direct a communication to the City Attorney asking that he render a legal opinion advising under what circumstances, if any, this Board of Supervisors, the appointing Board, has authority to remove San Francisco's representatives on the Board of Directors of the Golden Gate Bridge and Highway District.

Authorizing Acquisition by Eminent Domain Proceedings of Certain Real Property Required for Excelsior District Branch Library, at Cost Not to Exceed \$60,000.

File No. 331-61, Resolution No.

Supervisor Halley remarked he dissented because the property in question is presently occupied by a commercial establishment and it is on a main thoroughfare. There is property just around the corner which is vacant and which would better serve the purpose.

Supervisor Ferdon explained that the majority of the Finance Committee believed that in view of the evidence presented by the Library Commission and the Director of Property, this was the best property in the area which was suited for the purpose.

Supervisor Blake inquired whether or not consideration had been given to locating the library in the Crocker Amazon Playground.

Supervisor Ferdon, seconded by Supervisor Halley, moved that consideration be temporarily postponed pending arrival of the City Librarian.

Passage for Second Reading as Amended.

The following recommendation of Public Health and Welfare Committee heretofore considered was taken up:

Amending the Housing Code by Amending Various Sections Thereof, and Adding Certain Sections Thereto; Providing That Provisions of Certain Sections and Subsections Shall Be Retroactive and Apply to All Existing Buildings as Defined in Said Housing Code; and Providing Time Limitation Within Which Owners of Buildings Shall Comply With the Standards Set Forth Therein.

File No. 91-61, Ordinance No.

Motion to Amend.

Supervisor McMahan, seconded by Supervisor Halley, moved that the legislation be amended by amending section 11 thereof, to change from January 1, 1965 to January 1, 1966 the period of time within which the owner of a building shall have in which to bring his building into compliance with the retroactive provisions of the legislation.

Supervisor Casey remarked that if the retroactive features of the legislation were retained he would vote against the legislation.

Motion to amend *carried* by the following vote:

Ayes: Supervisors Blake, Ferdon, Halley, McMahan, Sullivan, Tinney—6.

Noes: Supervisors Casey, Dobbs, Ertola, Tamaras—4.

Absent: Supervisor Zirpoli—1.

Robert Levy, Superintendent of Building Inspection explained the historical background of the legislation, the various items which were included within the retroactive provisions, and estimated cost of making buildings comply, which he believed would amount to approximately \$45 per room.

Albert Hayes, Chief, Bureau of Fire Prevention and Investigation, stated that in his opinion an open stairway is the greatest contributing cause of death in apartment house fires, and he believed the enactment of the legislation was of vital necessity for the safety and protection of the people who reside in hotels and apartment houses.

Supervisor Casey remarked he was opposed to the retroactive provisions of the legislation, and he believed that if the present laws were stringently enforced adequate protection would be afforded the people. If the present laws were not effective then legislation could be enacted to strengthen the inspection services and in that way get away from the retroactive provisions of the present proposal.

Dr. Ellis Sox, Director of Public Health, said that the discretionary power to condemn is limited by the codes and therefore the inspection bureaus do not have the power to condemn any buildings which might be considered hazardous from a fire standpoint, a building can be condemned only if it is substandard, illegal, or dangerous to public health. Unless the details are spelled out we are restricted in our enforcement.

Supervisor Dobbs said that he personally viewed retroactivity to be unfair and unjust, and we must carefully examine what we are doing to the people of San Francisco. It seems to me that in all the figures we have had on this matter the Department of Public Works has maintained that they know more about it than the people who build the building. These people disagree with the Department of

Public Works' estimates. How can we judge what is the correct figure? It is certain that the cost will be so much that it will injure the owners of the buildings, especially those people who own a small rental building. It is grossly unfair to enact retroactive provisions. I believe that if all inspections were carried out on building below the provisions of the code we would have a better city. Let us enact the regulations but leave out the retroactive provisions.

Supervisor Ertola remarked that he was opposed to the retroactive provisions but he was in favor of the safety provisions. I suggest that instead of giving people only four years to make their buildings comply that the time be extended to 10 years. I could vote for that period of time but not for a four year period.

Supervisor Blake, seconded by Supervisor Casey, moved the privilege of the floor for Donald Connor, Attorney at Law.

Upon the objection of Supervisor Halley to the motion, the Chair declared that the motion was lost.

Thereupon the roll was called and the foregoing legislation was passed for second reading as amended, by the following vote:

Ayes: Supervisors Blake, Ferdon, Halley, McMahon, Sullivan, Tinney—6.

Noes: Supervisors Casey, Dobbs, Ertola, Tamaras—4.

Absent: Supervisor Zirpoli—1.

File No. 91-61, Ordinance No. 265-61.

Supervisor Blake inquired whether or not the lessee could be made to make the necessary alterations, and if so whether they would have a right of appeal.

Thomas Blanchard, Deputy City Attorney, stated it would depend upon the terms of the lease, but if it is the lessee's duty he would

have the same right of appeal to the Housing Appeals Board as the owner.

Supervisor Dobbs remarked that he did not believe that any appeal to the Housing Appeals Board would be successful because the Board did not have any power except to enforce the ordinance, it does not comprise the appellate body which one ordinarily contemplates. Supervisor Dobbs continued that the Board should consider two things, (1) the retroactive provisions of the ordinance, and (2) the provisions under Section 11 of the ordinance which gives the Chief of the Bureau of Fire Prevention and Public Safety the power to move this compliance up to 6 months if he finds certain conditions existing.

Supervisor Dobbs urged those who agree with the premise that retroactivity is undesirable to vote against the legislation, and failing that, I hope the Board will entertain a motion with respect to provisions relating to the power of the Chief of the Bureau of Fire Prevention and Public Safety to move up effect of retroactive provision from 5 years to 6 months.

Supervisor Casey said he was unalterably opposed to the retroactive provisions, but he would support any motion to waive the 6 months provisions so that everybody will have the same amount of time within which to bring their building into compliance.

Thomas Blanchard, in response to inquiry of Supervisor Blake advised that the Housing Appeals Board, as does the Board of Permit Appeals, has considerable latitude in the interpretation of the law and the right to overrule administrative determination.

Supervisor Dobbs, seconded by Supervisor Casey, moved that the legislation be amended by deleting therefrom the second paragraph of Section 11, reading as follows: "Whenever the Chief of the Bureau of Fire Prevention and Public Safety determines that a condition or conditions exist in the building constituting a fire hazard within the meaning of Section 203.6 of this Code relative to the requirements of Sections 1110, 1111 or 1408, the owner shall bring his building into compliance with any or all of said sections within six months after he is notified in writing to do so by the Chief of the Bureau of Fire Prevention and Public Safety unless an extension of said six months period has been granted by the Chief of Bureau of Fire Prevention and Public Safety."

Supervisor Zirpoli remarked he was opposed to the amendment because he believes it was essential that the Chief should have this power, and when he gives an owner six month period to make the building comply he is requesting that a serious fire hazard be made to comply with the ordinance. I believe it is as important to have this provision in the legislation as it is to have the retroactive provisions.

Thereupon the roll was called and the motion to amend was defeated by the following vote:

Supervisor Halley presented:

File No. 47-61-13, Ordinance No. . . .

Referred to Finance Committee.

Providing for Investigation of Necessity for Amendments to the Municipal Code to Prescribe Standards for Fallout Shelters.

Supervisor Halley stated he had been informed that throughout the State salesmen are selling prefabricated fallout shelters and are advertising they will place them wherever desired. He believed immediate action should be taken to preclude such sales from taking place within San Francisco.

Supervisor Halley thereupon requested that the Clerk direct a communication to the Director of Public Works asking that he make a review of the various codes of San Francisco and submit such recommendations as he deems necessary for amendment thereto, to fully protect the people from attempted sale of prefabricated fallout shelters which would not serve the purpose for which they were intended, including but not limiting such investigation to the necessity for acquisition of a permit for erection and inspection of the completed structure.

Consideration Continued.

The Board resumed consideration of the following recommendation of Finance Committee appearing on the calendar under New Business, heretofore considered and temporarily postponed.

Amending Section 2.33 of the San Francisco Administrative Code, Relating to Procedure for Introduction and Submission of Proposals for the Incurring of Bonded Indebtedness for Public Improvements, by Adding Requirement That the Director of Public Works Shall Furnish Cost Estimates for Construction Projects.

File No. 391-61, Ordinance No.

In response to inquiry of Supervisor Halley, Mr. Owens, Director of Public Works, advised the Board of the amount of moneys expended to prepare the preliminary plans and specification of the Palace of Fine Arts, and stated that if such plans were to be prepared for each bond issue he would have to submit requests for supplemental appropriations.

Supervisor Halley stated he doubted whether moneys expended on preliminary plans and specifications could be included in a subsequent bond issue, and would like to receive an answer from the Controller.

Supervisor Ferdon requested that the Clerk direct a communication to the City Attorney and the Controller, asking them to advise the Board, prior to next Monday's meeting, whether or not moneys expended for preparation of preliminary plans and specifications could be included in the amount of the bond issue later submitted to the Board for approval.

No objection and *Clerk directed to comply.*

Supervisor Halley, seconded by Supervisor Ferdon, moved that consideration be continued for one week.

No objection and motion *carried.*

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Sullivan, Tamaras, Tinney, Zirpoli—11.

Waiving Requirement for Building Permit Fee for Construction of Fallout Shelters.

Supervisor Tamaras stated he had been informed that certain provisions of the Building Code have been waived with respect to the construction of fallout shelters, and he believed the permit fee should also be waived.

Supervisor Tamaras thereupon requested that the Clerk direct a communication to the Chief Administrative Officer requesting that consideration be given to waiving the requirement for the payment of a building permit fee for the acquisition of a permit to construct a fallout shelter.

No objection and *Clerk directed to comply.*

Reference to Committee.

Urging Initiation of Program to Secure Additional Federal Funds for the Rehabilitation of Disabled Persons.

Supervisor Tamaras called the Board's attention to statements attributed to Miss Mary E. Switzer, President of the National Rehabilitation Association, wherein she alleged that California is not taking full advantage of federal aid that is available for rehabilitating its disabled persons.

Supervisor Tamaras said that as one member of this Board, he thought that maximum use of rehabilitation is a step in the right direction toward lower taxes and restoring disabled welfare recipients to a self-supporting basis, and requested that the matter be referred to committee for consideration as to possible recommendations to the next session of the State Legislature.

Referred to County, State and National Affairs Committee.

Reference to Committee.

Payment of Portion of Tuition Fee of City Employees Who Are Enrolled in a Class Conducted by the University of California Extension.

Selection of San Francisco as the Pilot City to Receive Extraordinary Federal Grants for Urban Renewal.

Supervisor Tinney stated it had been reported in the daily press that the Federal Government is seeking a pilot city wherein it would make extraordinary grants for urban renewal, and at this date the city has not been designated.

Supervisor Tinney thereupon requested that the Clerk direct a communication to the appropriate department asking that they investigate the alleged report, to the end that San Francisco might be selected as the pilot city, without ending our governmental autonomy or delegating our legislative authority.

No objection and *Clerk directed to comply.*

Finally Passed by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, Sullivan, Tamaras, Tinney, Zirpoli—10.

Absent: Supervisor McMahon—1.

Consideration Continued.

Amending Section 2.33 of the San Francisco Administrative Code, Relating to Procedure for Introduction and Submission of Proposals for the Incurring of Bonded Indebtedness for Public Improvements, by Adding Requirement That the Director of Public Works Shall Furnish Cost Estimates for Construction Projects.

File No. 391-61, Ordinance No.

Communications.

The Clerk presented the following communications:

From City Attorney, advising that bond proceeds may not be used to reimburse the general fund for expenditures made by the Department of Public Works for the preparation of cost estimates for the Board of Supervisors in connection with construction work involved in proposed bond issues.

Ordered *filed*.

From Controller, advising he concurs in the conclusion of the City Attorney.

Ordered *filed*.

Supervisor Ferdon remarked that regardless of the fact that the expenditure of funds would not be reimbursable, it would be money well spent in order to avoid situations similar to those which have arisen in the past, and he believed the Board should have the best figures and analyses to submit to the people.

Supervisor Halley stated he was of the opinion that a change in the present methods of submitting bonds issues was unnecessary, and he did not believe the Board would realize anything more than it does under the present procedure.

Supervisor Dobbs said he was concerned over the possibility of expending funds for the plans and specifications and then feeling obligated to present something to the people because of the money already spent on the project. Also, it might be an opening for some people to take advantage by putting together some big bond issue and then trying to push it through because of the money already expended.

Supervisor Ferdon responded that the money does not have to be expended before the committee decides to consider the proposed bond issue, the expenditure has to be made before the matter is presented to the Board. If the committee does not desire to consider the proposal then there would not be any need to refer it to the Director of Public Works.

Supervisor Zirpoli suggested that the proposed legislation be amended to make the reference to the Director of Public Works permissive rather than mandatory.

Supervisor Ferdon, seconded by Supervisor Halley, moved that consideration be continued for one week, and when the suggested amendment has been formulized it be referred to the City Attorney for review, and a copy given to each member of the Board.

No objection and motion *carried*.

Final Passage.

The following recommendation of Police Committee heretofore considered was taken up:

Amending the Police Code by Adding Sections 1215 and 1216 Thereto, to Prohibit Solicitation on the Public Streets and Sidewalks for the Purchase of Merchandise or for the Rendition of Personal Services; and Providing a Penalty for Violations.

File No. 274-61, Ordinance No. 276-61.

Establishment of Limited Work Placement Program for Persons on Relief Rolls Who Have Satisfactorily Passed Rehabilitation Training Courses.

Supervisor Tamaras called the Board's attention to the fact that although many persons now on relief have been rehabilitated through the Vocational Rehabilitation Service, not much effort is expended to see that they secure a job.

Supervisor Tamaras thereupon requested that the Clerk direct a communication to the Civil Service Commission asking that they investigate the feasibility of undertaking a limited work placement program for persons on the Public Welfare Department relief rolls,

who have satisfactorily passed the rehabilitation training courses sponsored by the Vocational Rehabilitation Services, in an effort to (1) help trained handicapped workers to find jobs, and (2) reduce taxes.

Request Granted.

Employment of Ablebodied and Employable Persons Now Receiving Public Assistance.

Supervisor Tamaras thereupon requested that the Clerk transmit a copy of the article contained in the California Taxpayers' Association to the Public Welfare Commission, asking that they consider ways and means of securing employment for ablebodied and employable persons now receiving assistance from the City.

No objection and *Clerk directed to comply.*

Reference to Committee.

Declaring Policy Relative to Relinquishment of Presidio Lands for Residential Development.

Supervisor Zirpoli stated that while it had been publicized that the City was desirous of having the Government dispose of the Presidio for residential use, it was his opinion that the overwhelming sentiment of the people of San Francisco favors Governmental retention. Supervisor Zirpoli continued it was his personal belief that the Presidio should never be disposed of for residential purposes, and the Board of Supervisors should formulate a definite policy on the subject.

Supervisor Zirpoli thereupon requested that the matter of relinquishment of the Presidio lands for residential development be referred to the appropriate committee for the formulation of a policy in connection therewith.

Referred to Joint County, State and National Affairs and Public Buildings, Lands and City Planning Committee.

Supervisor Blake: I have represented San Francisco for a number of years on the Board of Directors of the Bay Area Air Pollution Control District, and have diligently worked in San Francisco's and the Bay Area's best interests.

However, I feel that the time has arrived when some firm idea of results obtained, as well as future plans, should be made clear to the public, and therefore I intend to propound to the smog board a number of searching questions, included among which will be the following: By what percentage has smog been reduced with comparative dates? How fast will the reduction continue? When will smog be eliminated in the Bay Area, practically speaking? How much will that cost per year and total? By what date will we be able to dissolve the control district? By what date will all petroleum-burning vehicles be required to have had installed the exhaust controls?

When answers are received, they will be made available for the information of all concerned and interested.

Communication.

Supervisor Zirpoli presented the following communication.

October 16, 1961

Dr. Charles A. Ertola,
President, Board of Supervisors,
Room 235, City Hall.

Dear Doctor:

On September 25, 1961, in voting on the resolution identified by File No. 347-61-3, disapproving the decision of the City Planning

Commission by its Resolution No. 5419 dated July 6, 1961, denying application for authorization for a conditional use relating to certain property on Goettingen Street south of Silver Avenue, I was assailed with doubts and resolved such doubts in favor of the City Planning Commission and voted "No" on said resolution.

Subsequently and on further and more detailed consideration of this matter, I have come to the conclusion that my vote was in error and desire that the records reflect that were I again voting on the resolution, I would have voted "Aye" for the reason that I genuinely feel that the appropriate use of the frontage of Silver Avenue as commercially-zoned property cannot be effected in the light of modern merchandising practices without adequate provisions for parking. Such provisions could have been made to prevail had the variance for conditional use of the additional area requested by the applicant been granted.

I further respectfully request that the contents of this letter be noted in the Journal of Proceedings of the Board of Supervisors, and that a copy of this letter be sent to Mr. James R. McCarthy, Director of Planning of the City and County of San Francisco, in order that he may be apprised of my position in this matter.

With very best wishes, I remain

Respectfully yours,
/s/ ALFONSO J. ZIRPOLI,
Supervisor.

Ordered filed.

Farewell Statement of Supervisor Alfonso J. Zirpoli.

I never before heard such praise as I did today. I feel the complete sincerity and warmth with which this resolution was passed, and observations made this afternoon, and I desire to thank each member of the Board for this resolution which is a manifestation of your feelings.

To have served as a member of the Board is a privilege and honor for which I will always be indebted to the people of San Francisco, because not only did it permit me to make a contribution to the City, but my contacts with the members of the Board have given me many rich and lasting friendships.

I am happy that my place is being taken by a distinguished San Franciscan whose 26 years of service will bring back an old and a new look, and on this appointment I desire to congratulate Mr. Colman and the Mayor.

With a note of sadness which inevitably comes with a parting such as this, I am comforted in the thought that I can return to the Board and listen to the discussions.

It has been a wonderful experience to have served on this Board. Thank you for everything.

ADJOURNMENT.

There being no further business the Board, at the hour of 3:25 p. m., adjourned.

ROBERT J. DOLAN, Clerk.

Approved by the Board of Supervisors October 30, 1961.

I, Robert J. Dolan, Clerk of the Board of Supervisors of the City and County of San Francisco, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

SPECIAL ORDER — 3:00 P. M.

Informal Presentation, by the San Francisco Delegation of the Board of Directors of the San Francisco Bay Area Rapid Transit District Together With Members of the District's Staff, of the Plans for a Regional Rapid Transit System as They Affect San Francisco.

File No. 388-58

Adrien Falk, President of the Board of Directors, informed the Board of the various requirements of the Rapid Transit District Act, with respect to time limitations, which must be met by the Board of Supervisors. He advised the Board that the Board of Directors was desirous of submitting the proposed bond issue to the electors at the June 5, 1962 election.

After the opening statements by Mr. Falk a film script of the proposed District was shown.

At the conclusion of the showing of the film script, Mr. John Peirce, General Manager for the District, explained the various advantages which San Francisco would receive as a result of the construction of the rapid transit system.

He pointed out that the rapid transit system would provide a major new facility for movement of San Francisco residents wholly within San Francisco; that the construction of the system would mean improvement in the operation of the Municipal Railway system since they will operate in subway free from interference of traffic in the downtown area; and that the system by removing congestion of streets of San Francisco would result in major improvement of Municipal Railway overall service as well as free streets for private automobiles.

Supervisor Ferdon thereupon propounded various questions relative to the construction of the Geary Street leg, the use of the Presidio and the extension of the system to include Marin County.

Mr. Hoover, Chief Engineer, responded and advised that at the public hearing on November 27, 1961, the representatives of the District would be prepared to answer fully all questions.

There being no further questions, the Chair expressed the Board's thanks to the representatives of the San Francisco Bay Area Rapid Transit District for appearing before the Board.

ADJOURNMENT.

There being no further business the Board, at the hour of 4:00 p.m., adjourned.

ROBERT J. DOLAN, Clerk.

Approved by the Board of Supervisors November 20, 1961.

I, L. M. Senter, Acting Clerk of the Board of Supervisors of the City and County of San Francisco, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

Employment of Hearing Report for Public Hearing in Connection With Official Reports of the San Francisco Bay Area Rapid Transit District for Establishment of a Regional Rapid Transit System.

The Chair inquired whether or not the Board desired to have a hearing reporter present at the meeting of November 27, 1961, to report the public hearing in connection with consideration of the official reports of the San Francisco Bay Area Rapid Transit District for the establishment of a regional rapid transit system.

Supervisor Ferdon stated that to have a full transcript without any assurance that any member of the Board would read it would be a useless expenditure of City funds.

Supervisor Dobbs remarked he was opposed to it. Do not need any transcript, either partial or full.

Supervisor Halley explained he would desire to have a transcript whether it is paid for by the Board or by himself. We are talking about a \$200 million tax bill, and whether it is going to be a five county system or a three county system. Believe we would be remiss if we did not keep a record of the statements of the people as well as the members of the Board.

Supervisor Halley thereupon requested that a verbatim report be made of next Monday's meeting.

In response to inquiry by Supervisor Ferdon, Mr. Blanchard, Deputy City Attorney, advised that off-hand he could not see any legal effect of having a transcript, it is not required by law and the Board is not sitting as a judicial body.

Supervisor Halley moved that the Board hire a hearing reporter to prepare a transcript of next Monday's meeting.

Supervisor McMahan stated that if the motion would be limited to having a hearing reporter she would have no objection, with the understanding that before any transcripts are made it be referred to Finance Committee for determination as to the number of copies we need.

Supervisor Halley, seconded by Supervisor McMahan, thereupon moved, that the Clerk of the Board obtain the services of a hearing reporter to report the public hearing in connection with the approval of the rapid transit plans as submitted by the San Francisco Bay Area Rapid Transit District, at cost not to exceed \$50; and the question of transcripts to be determined by the Board after the holding of said hearing.

SPECIAL ORDER — 2:00 P.M.

Public Hearing on the Question of Whether or Not the Official Reports of the San Francisco Bay Area Rapid Transit District, Describing the Engineering, Financial and Economic Aspects of the Regional Rapid Transit System, Shall Be Approved by the City and County of San Francisco.

File No. 388-58.

Mr. Adrien Falk, President, Board of Directors of the San Francisco Bay Area Rapid Transit District, advised the Board that the plans which are before it today were the result of 10 years of planning and study, and while the District is aware of the fact that the proposed system will not satisfy everybody in every area, it is a system which will, within the financial structure, provide the best service for the most people.

Upon the conclusion of Mr. Falk's address, a filmstrip entitled "The Master Key," outlining the benefits to be received from rapid transit, was shown the members of the Board.

Mr. John Peirce, General Manager, explained the benefits which would be realized by San Francisco when the system is in operation. He specifically mentioned four benefits as follows: (1) Rapid transit

will provide major new capacity for solving San Francisco's most critical congestion problems occasioned by the twice-a-day movements of tens of thousands of commuters to the jobs in the morning and back to the homes in the evening; (2) Rapid transit will provide a major new facility for the movement of local residents entirely within San Francisco; (3) Construction of the system will mean significant improvements in the operation of the Municipal Railway's five streetcar lines; (4) Rapid transit, by removing congestion from streets and freeways in San Francisco, particularly during peak hours, should result in major improvements in the Municipal Railway's overall service and should speed the travel of local citizens who use their private automobiles.

Mr. Peirce explained that with respect to the financial aspects of the system, it was originally contemplated that the costs should be the subject of general obligation bonds, but in an endeavor to relieve the taxpayer from as much of the cost as possible amendments have been made to the statute to permit the issuance of revenue bonds, and also efforts have been made to obtain federal subventions.

Mr. Jack Everson, Project Director, explained the physical plant applicable to San Francisco, that there would be a subway under Post Street to Masonic Avenue, then over to Geary Street and by way of an elevated structure to Twenty-Fifth Avenue; Mission Street line would be subway to Bosworth Street where it would emerge and then on to the Southern Freeway and into San Mateo County.

In response to interrogation by Supervisor Halley, Mr. Everson stated that inquiry had been made of the State Highway Commission for permission to install the facilities on the Southern Freeway but, to date, no affirmative response had been received, and in the event permission is not granted the District has projected its program to provide funds for the acquisition of the necessary rights of ways.

Mr. Everson concluded by stating that the State Division of Highways has said that the use of the freeway would have to be resolved by agreement between the District and the City and County of San Francisco.

Mr. Gardner Mein, Chairman, Mayor's Transportation Council, and President of the City Planning Commission, explained that the Council had reviewed the recommendations of the Transportation Technical Committee, and agreed with their recommendations that the Geary Street line be a subway, but as an alternative that the subway have its terminus at point near Park-Presidio Boulevard, and that no elevated structure be placed on Geary Boulevard; that negotiations be initiated to assure the placing of the facilities on the Southern Freeway rather than an elevated over Alemany Boulevard; and that the subway on Market Street should be extended to the east portal of the Twin Peaks Tunnel.

Mr. Mein further stated that the Council also recommends a study of the continuous mezzanine over downtown portions of Market Street Subway, to determine whether there would be a defense shelter value, and if not, it is recommended that mezzanines be limited to portions of the lines occupied by rapid transit stations.

Mr. Sherman P. Duckel, Chief Administrative Officer, and member of the Mayor's Transportation Council, stated he dissented from some of the recommendations of the Technical Committee and it was his belief that there should be a substitution of two rapid transit lines to the Peninsula in place of the single line proposed for the Mission Line. One line to be through Twin Peaks Tunnel and the other line to be on the Southern Pacific Right of Way. Under such proposals the City would receive 23 stations, whereas under the District Plan the City would receive only 13 stations, with the cost of the District plan being approximately \$35,000,000 more.

Mr. Duckel concluded by saying that the whole opposition to his proposal revolves around the financial aspect of the plan, but it is our belief that our financial calculations are correct and that the plan will provide better service to the people of San Francisco.

Mr. Kenneth Hoover, District Engineer, remarked that a review had been made of the plan as outlined by Mr. Duckel and it was the District's conclusion that the premise of Mr. Duckel was wrong, because a greater basis of cost should have been used.

Mr. V. Anderson, General Manager, Municipal Railway, stated that the majority of the Transportation Council was not in total disagreement with the minority plan as presented by Mr. Duckel, but it was only a question of which was the better way of providing the best service for the people of San Francisco.

Mr. Reuben Owens, Director of Public Works, remarked he was in complete accord with the plan as outlined by Mr. Duckel. He also stated that consideration should be given to the transfer question, and the rerouting of certain Municipal Railway lines which parallel the Rapid Transit System lines.

The privilege of the floor was granted to the following citizens:

Mr. Marston Cameron, who opposed the four county plan;

Mr. John Hirten, representing San Francisco Planning and Urban Renewal Association, who stated the Association wholeheartedly endorsed the plan as submitted by the District;

Mr. David Zuckerman, who suggested that consideration should be given to the levying of a special assessment on those people who receive the most benefit from the plan;

Mr. Adolph Gasser, President, Geary Boulevard Merchants Association, expressed opposition to the elevated structure on Geary Street;

Mrs. Dina Zickel, expressed opposition to the District's plan;

Dr. Edward O'Gara, representing Park Presidio Improvement Club, expressed opposition to the elevated structure on Geary Street, and suggested that plans be made for the development of a parking lot at the terminus of the Geary Line;

Mr. Alan S. Maremont, Attorney at Law, endorsed the system as proposed by the District;

Mr. Robert Oliver, raised questions relative to waiting time at portals and travel time from portal to portal;

Mr. John Kelly, representing Northern California Chapter, A.I.A., supported the plan as developed by the District as being workable and practicable;

Mr. John Shane, requested information as to steps taken to prevent damage resulting from earthquakes;

Mr. Fred Perry, expressed opposition to the plan because of the little value it would be to San Francisco;

Mr. J. Howard Arnold, Consulting Engineer, suggested that a review should be made to reduce the station spacing;

Mr. W. P. Holman, submitted plan whereby the tube under San Francisco Bay could be widened to accommodate six lanes of traffic.

Supervisor Blake inquired whether or not the District could legally put the operation of the District out on bid to a private operator.

Mr. Peirce replied that the Act provided that the District was responsible for the operation of the System, but to clarify the point he would secure a legal opinion in connection therewith.

Supervisor Halley, seconded by Supervisor McMahan, moved that the public hearing be continued subject to the call of the Chair, but not later than December 26, 1961.

Upon the suggestion of Supervisor Sullivan that the continuation be for a time certain, Supervisor Halley, seconded by Supervisor Sullivan, moved as an amendment, that the public hearing be continued to December 18, 1961, and be made a Special Order of Business at the hour of 2:00 p.m.

There being no objection, on motion of Supervisor Blake, seconded by Supervisor Halley, the following, called out of Public Buildings, Lands and City Planning Committee by Supervisor Blake, was taken up out of order:

Request Received From Telegraph Hill Property Owners Council, for Study of Building Height Restrictions and Floor Area Ratios Applicable to Structures Located Within the Seven Square Block Area on the Southern Slope of Telegraph Hill Bounded by Union Street, Sansome Street, Broadway, Columbus Avenue and Grant Avenue.

File No. 13662.

Supervisor Blake, seconded by Supervisor Tamaras, moved reference to Public Buildings, Lands and City Planning Committee.

Supervisor Tinney remarked he was going to vote against re-reference because he believed there was nothing before the Committee for its consideration.

Supervisor Dobbs explained that a full and complete committee hearing had been held on the matter, and he did not see any reason for holding additional committee meetings thereon.

Supervisor Halley, seconded by Supervisor Dobbs, moved, as an amendment, that the matter be tabled.

Motion *carried* by the following vote:

Ayes: Supervisors Colman, Dobbs, Ertola, Halley, McMahan, Sullivan, Tinney—7.

Notes: Supervisors Blake, Ferdon, Tamaras—3.

Absent: Supervisor Casey—1.

The Board resumed consideration of the Calendar items in the order set forth therein.

UNFINISHED BUSINESS.

Adopted.

The following recommendations of Joint Finance and Public Buildings, Lands and City Planning Committee, heretofore considered, were taken up:

Designating and Describing a Redevelopment Area Within the City and County of San Francisco as Defined in and Pursuant to the Community Redevelopment Law of California, to Be Known as Redevelopment Area D (South of Market).

File No. 430-61-1, Resolution No. 782-61.

Supervisor Dobbs, seconded by Supervisor Halley, moved that the Board resolve itself into a Committee of the Whole.

No objection and motion *carried*.

The following persons addressed the Board:

Mr. Charles L. Conlan, Chairman, South of Market Industries Committees, who stated while his organization was not opposed to the redevelopment he would suggest that the Redevelopment Agency inform the property owners, as soon as physically possible, whether or not their buildings would be permitted to remain or would have to be torn down.

Mr. M. Justin Herman, Executive Director, Redevelopment Agency, explained the procedure which would be followed in making a survey of the existing buildings, that it would require approximately a year and a half, and stated they would proceed as rapidly as possible.

Mr. Herman thereupon briefly summarized the plans of the Redevelopment Agency in connection with the redevelopment of the area.

Mr. John Hirten, Executive Secretary, San Francisco Planning and Urban Renewal Association, explained the part his organization had played in the conduct of hearings with property owners in the area.

The following persons spoke in favor of the legislation:

Robert Parlett, businessman in the area;

Andrew J. Gallagher, representing the Southern Promotion Association;

C. F. Lafferty, Chairman, Industrial Development Committee of the Chamber of Commerce.

The following persons spoke in opposition to the legislation:

John M. Kiely, property owner in the area;

Edward Woldenberg, Jr.

Walter D. Manning;

Italo Massetti, representing the Golden Gate Meat Company;

Kamini Gupta, representing Central Council of Civic Clubs;

Reverend John J. Karman;

Fred Brown, representing Bailey Company;

Mrs. Zella Martenson, property owner in the area;

Alfred Stangler, property owner in the area.

Supervisor Halley presented a communication from the Redevelopment Agency advising that consideration would be given to the retention of a residential area in the District.

Ordered *filed*.

Supervisor Halley, Seconded by Supervisor Dobbs, moved that the Committee of the Whole rise and report.

Supervisor Dobbs stated he believed the owners should be protected in every way and he hoped that the Redevelopment Agency would carefully circumscribe any building which can be permitted to remain, and so inform the property owners. If and when the plans come before the Board if he were not satisfied with them he would vote to reject and to return them to the Redevelopment Agency for modification.

Adopted by the following vote:

Ayes: Supervisors Blake, Colman, Dobbs, Ertola, Ferdon, Halley, McMahon, Sullivan, Tamaras, Tinney—10.

Absent: Supervisor Casey—1.

Approving Undertaking by Redevelopment Agency of Surveys and Plans for an Urban Renewal Project (Area D—South of Market); and the Filing of an Application for Advance of Funds.

File No. 430-61-2, Resolution No. 783-61.

Supervisor Halley remarked, there is supposed to be a carry-over credit to San Francisco for the purpose of undertaking new surveys by the City. In voting for the resolution the Board is voting for the expenditure of over \$230,000 of City funds. The part of contribution of the Federal Government becomes a charge against the City and County.

Supervisor Halley thereupon inquired of Mr. M. Justin Herman, whether the Controller and the Treasurer of the City will be the fiscal agents of the Redevelopment Agency.

Mr. Herman replied that by special agreement between the Redevelopment Agency and the parties they are the fiscal agents of the Redevelopment Agency, they would become such agents only if the agreement is entered into.

Supervisor Halley stated that in voting for the resolution today he was doing so with the intent that the Treasurer becomes the depository of the funds, and the Controller becomes the Controller of the project.

Supervisor Halley thereupon requested that when the next piece of legislation relating to this subject is presented to the Board for approval, the Clerk inform the Finance Committee whether or not provisions are included therein to provide that the Treasurer of the City and County shall be the depository, and the Controller shall be the Controller, for the project.

Adopted by the following vote:

Ayes: Supervisors Blake, Colman, Dobbs, Ertola, Ferdon, Halley, McMahon, Sullivan, Tamaras, Tinney—10.

Absent: Supervisor Casey—1.

Final Passage.

Finally Passed by the following vote:

Ayes: Supervisors Blake, Colman, Dobbs, Ertola, Ferdon, Halley, McMahon, Sullivan, Tamaras, Tinney—10.

Absent: Supervisor Casey—1.

SPECIAL ORDER—2:00 P. M.

Public Hearing on the Question of Whether or Not the Official Reports of the San Francisco Bay Area Rapid Transit District, Describing the Engineering, Financial and Economic Aspects of the Regional Rapid Transit System, Shall Be Approved by the City and County of San Francisco.

File No. 388-58

Mr. Adrien Falk, President, Board of Directors, of the San Francisco Bay Area Rapid Transit District, explained the historical background of the proposal, and stated that as a result of the recent hearing by the County, State and National Affairs Committee the Board of Directors met and were agreeable to amending the reports by adding two stations on Mission Street, extending the Market Street subway to a terminus west of Gough Street, and making the Geary Street leg a subway to terminate at Sixth Avenue.

Mr. Falk thereupon suggested that the Board continue the public hearing until December 26, and on December 26 the Board should adopt a resolution requesting the Board of Directors to make appropriate amendments to the official reports to apply to San Francisco. The Board of Directors will act on the recommendations on December 28, and present its additional recommendations to the Board on January 2, 1962, for vote on approval or disapproval.

Supervisor Ferdon stated the Mayor's Transportation Council has not had an opportunity to review the recommendations as submitted by Mr. Falk, and these amendments were not what the Committee requested when it considered the minority and majority reports of the Technical Committee. Suggested that the matter be continued to permit City departments to consider the reports and submit their recommendations to the Board.

Supervisor Colman stated he was in favor of adopting the report of the Rapid Transit District and he was willing to vote for it today if it is possible.

Mr. Thomas Blanchard, Deputy City Attorney, in response to inquiry of Supervisor Colman, explained that the Board could not adopt a resolution approving the suggested amendments submitted by Mr. Falk; any amendment would have to come with a formal submission from the District. The Board can adopt the report of the Rapid Transit District as originally submitted, but cannot adopt amendments unless submitted in a formal manner.

Supervisor Dobbs, seconded by Supervisor Ferdon, moved that consideration be continued to December 26, 1961.

Supervisor Dobbs stated he was in favor of continuing the hearing, and having a proper resolution prepared after report from the Mayor's Transportation Council as to what amendments should be made to provide the City and County with adequate facilities.

Motion to continue *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Sullivan, Tamaras, Tinney—10.

No: Supervisor Colman—1.

Consideration Continued.

The following recommendation of County, State and National Affairs Committee was taken up:

Disapproving the Official Reports of the San Francisco Bay Area Rapid Transit District Describing the Engineering, Financial and Economic Aspects of the Proposed Regional Rapid Transit System, and Recommending That the District Give Further Consideration to Reports of the Technical Committee of Mayor's Transportation Council.

File No. 388-58-8, Resolution No. . . .

Presentation of Substitute Legislation.

Supervisor Sullivan, seconded by Supervisor Colman, moved that the following resolution be substituted for the preceding item:

Petitioning San Francisco Bay Area Rapid Transit District to Amend and Submit Official Reports of Regional Rapid Transit System.

File No. 388-58-9, Resolution No. . . .

In response to inquiry of Supervisor Halley, Mr. Thomas Blanchard, Deputy City Attorney, advised that the Board merely has power to approve or disapprove the reports; however, the Board would have power to request that certain changes be made in the reports that would be satisfactory to San Francisco.

Supervisor Halley stated he was going to oppose the substitute resolution because he believed it was illegal and does not cover the subject considered by the Committee.

Supervisor Sullivan, seconded by Supervisor Halley, moved that consideration be continued to December 26, 1961.

Supervisor Ferdon requested the Clerk to direct a communication to the Technical Committee of the Mayor's Transportation Council, asking that they review, and report to the Board by December 26, the suggestions made by the Rapid Transit District, advising of their

thinking on the proposal submitted by the District, and what points still remain in the majority and minority reports which might be contained in any substitute resolution on which the Board might act.

No objection and request *granted*.

The Chair explained the parliamentary procedure as follows: "The motion to postpone consideration on the recommendation of the County, State and National Affairs Committee would, if adopted, postpone consideration of said matter as shown on the calendar, plus proposed amendment as submitted by Supervisor Sullivan which has not been voted upon by the Board."

Motion to continue consideration *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahan, Sullivan, Tamaras, Tinney—10.

No: Supervisor Colman—1.

Quorum present.

President Charles A. Ertola presiding.

Communication.

The Clerk presented a communication from the San Francisco Bay Area Air Pollution Control District, extending invitation to the official opening of a Continuous Air Monitoring Station, Union Square Garage, December 27.

The Chair directed that the members note the date.

Hearing Held.

SPECIAL ORDER—2:00 P. M.

Public Hearing on the Question of Whether or Not the Official Reports of the San Francisco Bay Area Rapid Transit District, Describing the Engineering, Financial and Economic Aspects of the Regional Rapid Transit System, Shall Be Approved by the City and County of San Francisco.

File No. 388-58

The Clerk presented a communication from the San Francisco Bay Area Rapid Transit District, advising that the Board of Directors had adopted a resolution withdrawing from further consideration, the official report heretofore referred to the Board of Supervisors for approval.

Ordered *filed*.

The Chair inquired if there was anybody in attendance who desired to speak on the matter.

Mr. Arthur Dolan, representing the Board of Directors of the San Francisco Bay Area Rapid Transit District, advised it was the recom-

mendation of the Board of Directors that the official reports now before the Board be withdrawn, and stated that plans were being studied and prepared, and it was the hope of the Directors that these plans could be submitted to the Board of Supervisors within 60 days. The plans will encompass a three-county rapid transit system.

Mr. George Johns, Secretary, San Francisco Labor Council, suggested that steps be taken to amend the legislation with respect to the manner in which the Board of Directors of the District are appointed.

Supervisor Halley, seconded by Supervisor Dobbs, moved that the public hearing be declared concluded.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Colman, Dobbs, Ertola, Ferdon, Halley, McMahan, Sullivan, Tamaras, Tinney—11.

Tabled.

The following recommendation of County, State and National Affairs Committee, heretofore considered, was taken up:

Disapproving the Official Reports of the San Francisco Bay Area Rapid Transit District Describing the Engineering, Financial and Economic Aspects of the Proposed Regional Rapid Transit System, and Recommending That the District Give Further Consideration to Reports of the Technical Committee of Mayor's Transportation Council.

File No. 388-58-8, Resolution No.

Supervisor Halley, seconded by Supervisor Dobbs, moved that the proposed legislation be tabled.

Supervisor Ferdon, stated that since the official reports are before the Board they must be acted upon and cannot be withdrawn by an action of the Board of Directors of the Rapid Transit District.

Mr. Blanchard, Deputy City Attorney, in response to inquiry of Supervisor Ferdon, stated that the purport of the letter and resolution of the District in withdrawing the official plans from further consideration is in effect a rescission of their former act and, if it is an effective rescission, it would wipe out all matters upon which the District had acted. Mr. Blanchard remarked he believed it was an effective rescission and therefore the resolution before the Board of Supervisors could be tabled.

Motion to table *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Colman, Dobbs, Ertola, Ferdon, Halley, McMahan, Sullivan, Tamaras, Tinney—11.

Withdrawn.

The following, presented by Supervisor Sullivan at the meeting of December 18, 1961, as a substitute for the preceding item, was taken up:

Petitioning San Francisco Bay Area Rapid Transit District to Amend and Submit Official Reports of the Proposed Regional Rapid Transit System.

File No. 388-58-9, Resolution No.

Supervisor Sullivan, seconded by Supervisor Dobbs, moved that the legislation be withdrawn.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Colman, Dobbs, Ertola, Ferdon, Halley, McMahan, Sullivan, Tamaras, Tinney—11.

Referred to Police Committee.

Supervisor Dobbs requested that the Clerk refer the proposed ordinance to the City Attorney for his review and approval as to form.

Proposed Hearing Relative to Bay Area Regional Transportation Planning.

Supervisor Dobbs remarked he had recently received an announcement from the State Senator representing the City and County of San Francisco, inviting the members of the Board to participate in a meeting on January 10, 1962, relative to vehicular and mass rapid transit, present and future; role of trans-bay bridges, tubes and barriers; and impact of freeways and mass rapid transit on land use.

Supervisor Dobbs said he did not believe that such a meeting was going to aid the matter of rapid transit, but rather it would act as a road block to future rapid transit. He did not believe we should engage in meeting with large groups who are going to impede the progress of rapid transit, and he did not see any reason for attending the meeting.

If we have meetings with other groups then we will eventually reach a point where the Rapid Transit Commission could not be able to act because these other groups would be claiming jurisdiction over the matter. The matters which are to be discussed at the meeting are already under the jurisdiction of various state agencies, i.e., rapid transit—the Board of Directors of the San Francisco Bay Area Rapid Transit District; trans-bay bridges, the California Toll Bridge Authority; and freeways, the State Division of Highways. It is necessary that we deal only with the duly constituted authorities on these matters, and not with people whose actions would hinder the future of such programs.
